Committee Charge

The charge of the KOPS Advisory Committee is to solicit feedback from JCCC constituency groups and facilitate communication with the President's Cabinet to provide input for making strategic decisions about safety and security issues.

What have we done so far?

Concealed Carry Website

- An informational website has been set up at www.jccc.edu/concealed-carry to provide up to date information to the campus community as it becomes available

Staff, Student and Volunteer Surveys

- The KOPS Advisory Committee continued the work begun by JCCC faculty leadership, and surveyed JCCC staff, students and volunteers regarding their opinions and preferences regarding the carrying of guns on JCCC's campus.
- Analysis of the survey results is shown later in this report and feedback received in the open comments used to develop training and education programming for the college

Campus Safety Town Halls

- The first in a series was held on April 22, 2016 and provided an opportunity for panel participants to give current information and receive feedback and questions from audience members
- The full video from the event is on the Concealed Carry website
- Additional events are planned for Fall 2016 and as more information becomes available

Identification of training needs for Fall 2016 and 2017

- In response to feedback received, additional training is being programmed for Fall 2016 Professional Development Days
- More extensive training on changes coming to campus is on the horizon in 2017

Concealed Carry Website

Concealed Carry on Campus

The latest information from the college about plans related to a Kansas statute which will allow the concealed carry of handguns in college facilities beginning July 1, 2017.

A Message from Executive Vice President Barbara Larson

April 22, 2016

Dear Colleagues:

The safety of our students, employees and visitors must be the college's highest priority. JCCC has taken many actions in recent years to help ensure that it remains so. A few examples are:
