ACADEMIC ACHIEVEMENT CENTER (AAC)																					
The Academic Achievement Center offers credit courses to develop basic skills or enrich present skills in a self-paced learning lab environment. Students do not need instructor permission to enroll in AAC courses.																					
Note: Students enrolled in non-online AAC classes that indicate the time is to be arranged (TBA) should report to the Academic Achievement Center, LIB 227, during the first week of the semester or within one week of enrollment. Though self-paced, all coursework must be completed by the end of the 8 week semester. A JCCC student ID is required.

Note: EMS 130 001 is a hybrid course. Approximately 56% of the class is offered in a traditional face-to-face format, and 44% is offered in an on-line web-delivered format. Additionally, as part of the hybrid content, approximately 32 hours of lab time will be offered in a flexible student-scheduled format. While this approach provides significant flexibility for the student, and fewer trips to campus, the overall coursework and time commitment is the same as for a traditional EMT class. Learning communities are two or more courses centered on a theme and taught by a team of teachers. By combining two or more courses together, a learning community shares materials and assignments in ways that connect the learning from one course to another. Students earn full credit for each course in the learning community. Courses in a learning community are listed as separate courses on students' transcripts. For more information contact Jeff Frost, 913-469-8500, ext. 3104, or e-mail jfrost@jccc.edu .

LEARNING STRATEGIES (LS)

Learning Strategies courses offer students opportunities to acquire the thinking and study strategies needed to be a successful college student. Strategies taught in the courses include textbook, lecture-note, memory, and exam strategies. It is recommended that students take one strategies course at a time. For more information contact Maggie Ackelson at 913-469-8500, ext. 3335, or e-mail mackels@jccc.edu.

LS 174 - Learning Strategies for Math

Corequisite: Concurrent enrollment in a math course

Learning Strategies courses offer students opportunities to acquire the thinking and learning skills needed to be a successful learner, including reading textbooks, taking notes, organizing information and preparing for tests.

MATHEMATICS (MATH)

The Math Resource Center, CLB 212, provides tutorial support on a drop-in basis to all JCCC math students. The MRC supervisor and peer tutors are available to help you solve math problems individually and to recommend resources such as videotapes. Assignments in some math courses require the use of the computers in the MRC Computer Lab. Contact the center at 913-469-8500, ext. 4242, or at mrc@jccc.edu. Fall hours are 7am to 9pm Monday through Thursday, 7am to 4pm on Friday, 11am to 4pm on Saturday and 12pm to 4pm on Sunday. Visit the Math Resource Center Web page at www.jccc.net/mathresourcecenter.

Students enrolling in Math 116-036 (CRN 81271) must also enroll in Math 115-036 (CRN 80505). This is a Learning Communities course combining Elementary Algebra and Intermediate Algebra. The material in the two courses is integrated so that the early part of the semester the student will spend most of his/her time on Elementary Algebra topics while the second half will focus mostly on Intermediate Algebra topics. Students will earn 3 credit hours in each course for a total of 6 credit hours, which will transfer as if they were being taught in the traditional format. For more information on this class, contact the Math Division at 913 469-3151.

<p>This class uses a non-traditional approach to teach the required topics of College Algebra. The approach, which was developed in cooperation with Kansas State University, teaches mathematics concepts through in-class projects facilitated by the instructor. This section does not use the Stewart College Algebra textbook. For more information please contact Ron Palcic at extension 4566 or by email rpalcic@jccc.edu.</p>
