To receive federal financial aid and most types of JCCC grants/scholarships, you must declare your intent to seek a degree/certificate. This may be at JCCC or at a college/university you will transfer to in a subsequent term. If you are transferring with the intention of obtaining a bachelor's degree or higher, use degree code AA1000 - Associate of Arts as your intent. Otherwise, choose one from the list of degrees and certificates that best fits your plans. Degrees or certificates that are not federal financial aid eligible are designated with an asterisk (\*). If you have any questions about your financial aid eligibility, see a financial aid advisor in the Student Center or call (913) 469-3840.
