

Johnson County Community College Hall of Fame

2005

Glen Moser

**Coach
Inducted 2005**

As a head coach at Johnson County Community College, Glen Moser has proven he is a winner. As a producer of quality athletes, as well as quality tennis players, Moser is an even bigger winner. In 27 years at JCCC, Moser has over 1,100 wins. That success, combined with his longevity, makes Moser one of the winningest coaches in collegiate tennis. Aside from his sterling win-loss record, JCCC's men's team has competed in the NJCAA National Tournament 24 times. Moser has guided the men to 17 top-10 finishes and five top-five finishes. JCCC has also captured eight Jayhawk Conference and NJCAA Region VI championships under Moser, including five straight from 1985 to 1989. JCCC has finished runner-up on 11 occasions. JCCC's women's tennis team has appeared in 19 national tournaments, placing among the country's top-20 programs 18 times, the top-10 11 times, and top-five six times. The Lady Cavaliers have captured 10 Jayhawk Conference and NJCAA Region VI championships under Moser, including the three straight from 1995 to 1997, and in dominating fashion. Moser's hard work and dedication has not gone unnoticed. In 1992, he was selected by his peers as the recipient of the Herschel Stephens coaching award, which recognizes outstanding service and dedication to the NJCAA tennis coaches association. In the spring of 2001, Moser received his coaches association's highest honor, as he was inducted into the NJCAA Men's Tennis Hall of Fame at a banquet prior to the start of the 2001 NJCAA Men's Tennis Championship. Two years later, he earned induction into the NJCAA Women's Tennis Hall of Fame.
