

The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor's degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The 30 hours of electives within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours; please see [JCCC A.A. degree requirements](#). The maximum number of hours from a community college that will be applied toward a bachelor's degree at most four-year schools is between 60 and 64 credit hours or 50% of the degree. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

- The Sport Management program prepares individuals to seek management-related positions in collegiate and professional sports, companies that manufacture and sell sporting equipment, and in commercial, corporate, and private fitness facilities and companies.
- Students can be admitted into the Sport Management program as transfer students if they are admitted to KU, declare Sport Management as their major, and meet the following criteria:
 - A KU + Transfer Cumulative GPA of at least 2.75
- For information about initial admission to KU, visit the [Office of Admissions](#). Visit the [Office of International Support Services](#) for information about international admissions.
- Prospective Sport Management students should consult an advisor early in the first year to plan efficient programs of study.
- Sixty-four credits may be transferred to KU from community colleges. Students should be aware that 45 junior/senior credit hours are required for completion of the bachelor's degree; 30 of those hours must be at KU; and community college courses do not transfer as junior/senior hours.
- No grade lower than a "C-" is acceptable in English, Communication Studies, or Mathematics, HSES 289 and HSES 299.
- Only 6 hours of Credit/No Credit is allowed before a student is admitted into the School of Education and Human Sciences. Once admitted, a student cannot take a class Credit/No Credit for any program requirement.
- Minimum total hours for graduation is 120.

KU Core Requirements - The KU Core comprises three general education goals and three advanced education goals. The general education goals are best met early in a student's career. The advanced education goals are most appropriately acquired using the foundation of knowledge gained from the general education goals and progression through the major. Courses can be used to satisfy one Core goal at a time but may satisfy a major requirement and a core goal. Students that complete the A.A. at JCCC meet the KU Core Goals 1-3. To learn more about courses that satisfy the KU Core visit: <https://credittransfer.ku.edu/>

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

Prerequisite Requirements and General Education Requirements

KU Courses	JCCC Courses	KU Core
BIOL 100/102 Principles of Biology/Lab	BIOL 121 Introductory Biology for Non-Majors	GE3N
COMS 130 Speaker-Audience Communication	COMS 121 Public Speaking	GE 2.2
