The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor’s degree at four-year institutions. The 30 hours of electives within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours. The maximum number of hours from a community college that will be applied toward a bachelor’s degree at most four-year schools is between 60 and 63 credit hours or 50% of the degree. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

- Admission for all School of Education programs is competitive. Completion of minimum requirements does not guarantee admission.
- Minimum cumulative and core GPAs of 2.75 (includes all transfer hours).
- Effective Fall 2014, transfer grades of “D” or below will not be accepted.
- A minimum of 40-41 hours required for admission to the School of Education. All courses must be completed for graduation (120 hours).
- Consult a School of Education advisor for enrollment and course substitution.
- Deadlines for all applications are February 1 for fall admission and mid-September for spring admission.
- The Sport Management program prepares individuals to seek management-related positions in collegiate and professional sports, companies that manufacture and sell sporting equipment, and in commercial, corporate, and private fitness facilities and companies.

Admission Requirements must be taken during or completed prior to the Exercise Science application process.

Sixty-three credits may be transferred to KU from community colleges. Students should be aware that 45 junior/senior credit hours are required for completion of the bachelor’s degree; 30 of those hours must be at KU; and community college courses do not transfer as junior/senior hours.

**KU Core Requirements** The KU Core comprises three general education goals and three advanced education goals. The general education goals are best met early in a student’s career. The advanced education goals are most appropriately acquired using the foundation of knowledge gained from the general education goals and progression through the major. Courses can be used to satisfy one Core goal at a time, but may satisfy a major requirement and a core goal. To learn more about courses that satisfy the KU Core visit: [http://credittransfer.ku.edu/](http://credittransfer.ku.edu/)
