EPEAT

October 2013
Sustainable Procurement
What is EPEAT?

EPEAT has come to be the **definitive global registry** for greener electronics over the past 7 years.

Designed **to help everyone** who purchases electronics—from consumers to enterprises—evaluate, compare and select products that **reduce environmental impact**

Contains **3,000+** products from **60** manufacturers in **42** countries

[www.epeat.net](http://www.epeat.net)
User Benefits – Simplicity and Uniformity

For Purchasers

A single, credible environmental performance rating to efficiently address lifecycle environmental issues in purchasing specifications across electronic product categories

For Industry

Consistent environmental performance criteria for design of products and related services across multiple geographies. Opportunity for market recognition for design and service strategies that reduce products’ environmental impact.
What products does EPEAT cover?

Currently:  PC/Display
            Imaging equipment
            Televisions

Up next:   Servers
            Mobile phones

A Lifecycle Approach

- Product longevity/life extension
- End-of-life management
- Design for end of life
- Material selection
- Packaging
- Reduction/elimination of environmentally sensitive materials
- Corporate performance
- Consumables
- Indoor air quality
- Energy conservation

http://www.epeat.net/resources/criteria-discussion/
How are products rated in EPEAT?

• Products must meet all **required** criteria to qualify for EPEAT.
• Required criteria identify high environmental performance
• Products are rated Bronze, Silver or Gold based on how many **optional** criteria they meet,

Green (< 50%)  Greener (50-75%)  Greenest (> 75%)

Ratings are granted automatically by system software based on declaration.
Collective Purchasing Power

153 Colleges and Universities with an institution-wide stated preference to purchase EPEAT Silver or higher PCs and Displays

Total reported expenditure on EPEAT Gold rated products by STARS participants in 2012 = $265,647,739

$60,495,270 = Total reported expenditure on EPEAT Silver rated products by STARS participants in 2012
Representative Purchaser Users

- **National Governments** US, Canada, Australia, France, Poland, New Zealand, Singapore, Brazil, Costa Rica (Scotland)

- **States/Provinces** CA, CO, MA, ME, MI, MN, NY, OH, OR, PA, VT, WA, WI; Provinces of BC, NS, ON, QU; Warwickshire County (UK), Minas Gerais (Brazil), WSCA and US Communities collaboratives

- **Cities** San Francisco, Phoenix, San Jose, Vancouver, Seattle, Portland OR, LA County, Culver City CA, Keene NH, Leeds, UK

- **Enterprise** Catholic Healthcare West, Charles Schwab, Deutsche Bank, Fairmount Hotels, Ford Motor Company, HDR, HSBC, Kaiser Permanente, KPMG, Marriott, McKesson, Microsoft, NBC-Universal, Nike, Saint Gobain, Societe Generale, Tesco

Environmental Benefits

Ithaca College 2012 – 2013 School Year Reductions in Environmental Impact Through Greener Electronics Purchasing

- **485,374 kWh of Electricity**, enough to power 38 US households for a year
- **16,008 lbs of solid waste**, equal to the annual solid waste generation of 4 US households
- **369,600 lbs of primary materials**, equal to the weight of 5 tractor-trailer 18-wheelers
- **2,358 lbs of hazardous waste**, equivalent to the weight of 9 refrigerators
- **206,353 lbs of toxic materials**, equal to the weight of 18 bricks
- **296 metric tons of CO2**, equivalent to removing 58 average US passenger cars from the road for a year
- **321 metric tons of air emissions**
- **1 metric ton of water emissions**
- **$49,384 in energy cost savings**
Get Involved: EPEAT Purchasing, Recognition

• Update campus-wide purchasing policies to specify EPEAT
  – A turnkey decision; you may purchase many products already
  – Model policy/RFP language is available online and/or upon request
  – Require existing vendors to supply EPEAT registered products

• Promote your college’s EPEAT-Related purchasing results
  – Report your annual purchases, publicize the environmental benefits
  – Use your benefits calculations for sustainability reporting
  – Position your school as environmental leader in media outreach and case studies
  – Become an EPEAT Purchaser to gain recognition

• Earn AASHE STARS™ Points
  – Earn points for having an institution-wide stated preference to purchase EPEAT PCs and Displays
  – Earn points for tracking expenditures on EPEAT registered electronics
How to get started?

• Communicate with vendors
• Existing contracts:
  – Ask vendors to provide you with EPEAT registration status of the products you currently buy
  – Tell them you prefer to purchase EPEAT registered products
  – Ask them to provide registered product alternative suggestions for any products you buy that are not registered
• New Solicitations:
  – Use Plug and Play contract/RFP language on EPEAT website
  – Tell vendors you do not expect to pay a premium for EPEAT
  – Require reporting on EPEAT product status for all sales, so you can calculate environmental benefits!
