Introduction to a Health Savings Account (HSA)

• A tax-advantaged personal savings account, paired with a HDHP, to pay for qualified healthcare expenses, now or in the future.

• The HSA offers *triple tax savings* through:
  ➢ Pre-tax or *tax-deductible contributions* to the HSA
  ➢ *Tax-free interest* on investment earnings
  ➢ *Tax-free distributions*, when used for qualified healthcare expenses

• The HSA is owned by you and portable. You keep the HSA if you change your job or become unemployed.

• There is no time limit for when you can be reimbursed for your healthcare expenses. However, withdrawals can only be made *after* the money is deposited to your account.

• No “use it or lose it” provision like a Flexible Spending Account as unused contributions rollover each year.
HSA Contribution Rules

• The easiest way to contribute is through pre-tax payroll deductions.
• Voluntary, after-tax, contributions can also be made to an HSA (these contributions get “pre-tax” treatment when you file your annual tax return).

• The IRS Maximum HSA Contribution Limits for calendar year 2019 are:
  • Employee Only coverage $3,500 ($145.83/pay period)
  • Family coverage $7,000 ($291.66/pay period)
  • Age 55+ can make an additional $1,000 annual “catch up” contribution ($41.66/pay period) until enrolled in Medicare.

• In the 4th Quarter of the year, HDHP members will have the opportunity to participate in an “Open Enrollment” period to make an HSA election for the upcoming calendar year

  NOTE: IRS guidelines provide that you CANNOT enroll in the HSA if you are covered as a dependent under any medical plan option (PPO, EPO, etc.) other than a HDHP!
How do I sign up for a UMB HSA?

• When you enroll in the BlueSaver (HDHP) medical option you will be given the opportunity to establish and make payroll contributions to an HSA with UMB.

• Watch for 2 envelopes that will be mailed to your home:
  – A welcome letter including your HSA account number
  – Your HSA debit card

• Create a folder for your calendar year receipts and documentation, as You are responsible for keeping eligible healthcare expense records

2019 IRS Limits for voluntary contributions, for each plan:

Retirement Savings Plans

Voluntary Employee Contributions:

2. You can make changes to your contribution amount at any time by contacting your applicable Benefit Specialist

3. You can rollover any prior 403(b)/401(k) balances you have with a previous employer into the JCCC 403(b) Plan

KPERS is a state-wide defined benefit retirement plan in which eligible JCCC employees must participate.

Newly hired JCCC employees are KPERS 3 members and contribute 6% of their KPERS Gross Salary (for income tax purposes, the contributions are pre-tax for federal & after-tax for Kansas).

After five years of service you become “vested” and are guaranteed a retirement benefit, when you become eligible, even if you leave covered employment.
KPERS Gross Salary, per pay period, is currently calculated as follows:

- Salary divided by 24 pay periods, plus
- The amount of JCCC’s per pay period 8% contribution to your 403(b) Plan account

Consider the following example:

Salary = $60,000

KPERS Gross Salary = $2,500.00 ($60,000/24) + 200.00 ($2,500 * 8%) = $2,700.00

Contribution Per Pay Period = $162.00 ($2,700 * 6%)
When you retire, KPERS will pay you a monthly benefit for the rest of your life and provide a $4,000 death benefit to your beneficiary.

KPERS 3 participants can receive,

- Unreduced benefits:
  - At age 60 with 30 years of service credit, or
  - At age 65 with 5 years of service credit

- Reduced benefits: At age 55 with 10 years of service credit
