    Unit exams _____    Final exam _____    Quizzes _____    Homework _____

11. Where will you be taking your tests? ________________________________

12. How soon can you expect to learn your test scores? _________________

13. What is the total number of points in the course? ______________________

14. List at least two sources where you can get additional help in this course.

________________________________________________________________

Part III: Your Questions.
After reading through the syllabus, if you still have questions about the program, list
them here.

________________________________________________________________

________________________________________________________________

________________________________________________________________

The Rest of the Process:
- Set up an appointment to meet with your self-paced math instructor.
- Bring this application form with you to the appointment.
- If you met the prerequisite for this course at a college other than JCCC, bring an
unofficial transcript or grade report with you for verification.

If you are eligible to enroll, you will need to fill out some additional paperwork, and sign
an agreement with the instructor. Once the paperwork is done, the instructor will provide
permission for you to enroll in the self-paced math course.

Distance Enrollees:
If you are enrolling from a distance, fax your application form to 913-469-2537, and
provide contact information below. Paperwork will be faxed back to you for your
completion.
