

## WHERE DO I FIND GRANT FUNDING?

### Contact the Grants Leadership & Development Office

The Grants Leadership and Development Office uses a variety of resources to help you locate potential funders for your projects. Resources include a funder database, listserv sources, and comprehensive knowledge of federal, state, and private grant opportunities.

### Grants.gov

A great place to start your search for federal funding opportunities.

### Federal Agencies

- National Endowment for the Arts
- National Endowment for the Humanities
- U.S. Department of Agriculture
- U.S. Department of Education
- U.S. Department of Justice
- U.S. Department of Health and Human Services
- U.S. Department of Labor
- U.S. Department of State

### State Agencies

- Kansas Agencies & Associations
- Kansas Board of Regents
- Kansas Department of Commerce
- Kansas State Department of Education
- Kansas Department of Health & Environment

### Contact Your Colleagues

Colleagues often serve as good sources of information. Contact several of your peers, inside and outside of JCCC, and ask about their grant efforts for similar projects.

### Contact Your Professional Association

Look in your professional association's journals, websites, and newsletters for potential funder ideas or leads on grant ventures. Consider the organization's national and regional clearinghouse as a possible resource.
