**Comments:**

Of the neurodiagnostic modalities polysomnography is the only with licensure in select states. California, Delaware, Louisiana, Maryland, New Jersey, New Mexico, New York, North Carolina, Oregon, Tennessee, Virginia and Washington D.C. are the only jurisdictions with a Polysomnography Practice Act, which provides sleep technologists a specific licensure/certification pathway. The JCCC NDT program meets all polysomnography licensing requirements for these states.
