Climate Action Plan

What are the BMPs/methods for getting the right data in the right format/unit collected for benchmarking?

Has your school completed a CAP?

For your CAP, did you use an outside consultant?

What type of projections for reduction in CO₂ were they able to make?

Transportation

How is your campus encouraging
Carpooling?

If you are currently charging for parking,
how much do you charge for a permit
per semester?

Student Engagement/Other

Has the recent politicization of green energy led to any critique internally or externally of sustainability efforts at your college?

How do you find student champions at a 2 year community college?

Next Webinar will be

November 16th
