Comments Report

1. Advisory Board Member Feedback

^{1.13)} Please provide any comments or suggestions you feel would enhance the advisory board function at JCCC.

- Steve Bennett has done a great job with this program! I've seen great progression since he came on board, especially with the CM Career Fair. The career fair is currently on par with some of the local universities.
- They are actively working on getting the equipment and technology needed and do check with the board on appropriateness for the industry today. The new facility is great!
