12. How soon can you expect to learn your test scores? _____

13. What is the total number of points in the course? _____

14. List at least two sources where you can get additional help in this course.

Part III: Your Questions.

After reading through the syllabus, if you still have questions about the program, list them here.

The Rest of the Process:

- Set up an appointment to meet with your self-paced math instructor either in person or via zoom.
- Bring (or email) this application form with you to the appointment.
- If you met the prerequisite for this course at a college other than JCCC, bring (or email) an unofficial transcript or grade report with you for verification.

If you are eligible to enroll, you will need to fill out some additional paperwork, and sign an agreement with the instructor. Once the paperwork is done, the instructor will provide permission for you to enroll in the self-paced math course.
