

The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The 30 hours of electives within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours; please see [JCCC A.A. degree requirements](#), the maximum number of hours from a community college that will be applied toward a bachelor's degree at most four- year schools. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

- A four-year program is offered with concentrations in piano, organ, voice, strings, wind or percussion instruments, music theatre and composition.
- This degree requires minimum 120 hours for graduation depending on concentration area.
- All K-State students, including transfer students, are required to successfully complete credit-bearing courses/experiences to complete the K-State 8 General Education Program requirements. For information, see k-state.edu/kstate8/ Transfer courses evaluated as equivalent to K-State 8 courses can be applied to meet K-State 8 requirements.
- Students should consult with a JCCC counselor when planning their transfer course work, particularly in the areas of humanities, social sciences and natural sciences, to allow for the university general education course work that must be taken at K-State.
- Areas of concentration offered in this curriculum are: all instruments, voice and composition. A secondary performance area also is required.
- Basic requirements (27 hours) are listed below. All students must complete 18 hours of K-State 8 courses selected from the list of approved courses. At least 6 hours must be at the 300 level or above. These courses may overlap requirements specific to the BM degree but may not include courses in the major.
- The remaining hours are to be taken in the area of concentration. For specific music requirements, see the [School of Music, Theatre, and Dance section](#) of the K-State catalog.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

General Electives	2-4		
Additional course will be taken at K-State.			

* JCCC course has a prerequisite or corequisite.

- This program of study leading to this degree is designed to prepare music teachers for grades K-12.
- Area emphases offered in this curriculum are: vocal/choral music and instrumental music. A secondary performance area is also required.
- A minimum of 132 credit hours are required for graduation, depending on emphasis.
- All K-State students, including transfer students, are required to successfully complete credit-bearing courses/experiences to complete the K-State 8 General Education Program requirements. For information, see k-state.edu/kstate8/ Transfer courses evaluated as equivalent to K-State 8 courses can be applied to meet K-State 8 requirements.
- The program of study leading to this degree is a nine-semester curriculum designed to prepare music teachers for grades K-12. With careful planning and enrollment during summer session(s), all requirements may be completed in four years. Within this curriculum there are two optional emphases – one in vocal/choral music, the other in instrumental music.
- All students must complete at least 18 hours of K-State 8 courses, one-third (6 credit hours) of which must be at the 300-level or above. Courses may overlap with the Basic Requirements for the College of Arts and Sciences, as listed below. The 18 credit hours may *not include* music courses, or courses taken in the area of concentration. For specific music requirements, see the [School of Music, Theatre, and Dance section](#) of the K-State catalog.
- The remaining hours are to be taken in the area of concentration. For specific music requirements, see the [School of Music, Theatre, and Dance section](#) of the K-State catalog.
- Students should consult with a JCCC counselor when planning their transfer course work, particularly in the areas of humanities, social sciences and natural sciences, to allow for the university general education course work that must be taken at K-State.
