

The [Associate of Arts, AA](#) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the AA may select courses that satisfy both the AA degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the AA allow students to complete additional general education and lower division courses required for specific majors. The AA degree requires completion of 60 credit hours. Meeting with a [JCCC counselor](#) is strongly recommended for selection of appropriate courses.

WSU Admission Requirements:

If you are a transfer student with 24 credit hours or more, you must:

- Have a minimum 2.00 cumulative GPA (on a 4.00 scale) on all previous college work.

If you are a transfer student under age 21, with fewer than 24 credit hours, you must:

- Have a minimum 2.00 cumulative GPA (on a 4.00 scale) on all previous college work and meet the freshman requirements.

Some academic colleges at WSU have an additional higher transfer GPA requirement for [admission](#).

WSU General Education Requirement:

- Students transferring to WSU, that complete the General Education requirements required for the [Associate of Arts \(AA\)](#), [Associate of Fine Arts \(AFA\)](#) or [Associate of Science \(AS\)](#) degree from JCCC will be considered to have satisfied WSU's core general education curriculum.
- Students who transfer to WSU, without completing the General Education requirements required for the [Associate of Arts \(AA\)](#), [Associate of Fine Arts \(AFA\)](#) or [Associate of Science \(AS\)](#) degree will have courses evaluated on a course-by-course basis toward meeting WSU requirements. To learn more about courses that satisfy [WSU Core Requirements](#) and [WSU Transfer Equivalency Tool](#).
- [WSU Core General Education Guide](#)
- WSU requires [Specific General Education Requirements](#) by College.

WSU College of Health Professions

A new degree-bound student is admitted to the College of Health Professions as a pre-major in one of the degree programs offered, a health science major or as a health profession undecided major. However, admission to the college as a pre-major does not guarantee acceptance into any of the undergraduate professional programs. To be admitted to a professional program, a student must be admitted to Wichita State University, apply for admission to a particular program, and be accepted by the admissions committee of that program. See individual program information for application requirements and procedures.

Required grade point average for admission to College of Health Professions' undergraduate professional programs: Minimum overall grade point averages are required for each undergraduate professional program. Please consult individual program information for application requirements.

New transfer students must present an earned grade point average required for admission to their program on a 4.000 scale for all prior college work to be admitted to their pre-major. An earned grade point average of 3.000 is required for communication sciences and disorders, physical therapy and physician assistant pre-majors. An earned grade point average of 2.750 is required for pre-majors in dental hygiene and nursing. An earned grade point average of 2.500 is required for premedical laboratory sciences. An earned grade point average of 2.000 is required for health sciences, health management and health professions undecided majors.

WSU Transfer Students Should Remember:

- **WSU Transfer Policy – Credit Acceptance:** It is the policy of Wichita State University (WSU) to accept all credits – with the exception of remedial coursework – earned at a post- secondary institution accredited by one of the U.S. regional accrediting agencies. Each academic college or department within WSU determines how those credits apply toward a particular degree program. Sometimes there can be a significant difference between what transfers and what counts toward a degree, especially if the courses are vocational in nature. To be eligible for graduation from Wichita State University, students transferring from a two-year college must complete at least 60 credit hours of four-year college work and 45 credit hours of upper-division coursework.
- **Dual Advising:** WSU strongly suggests that potential transfer students involve their WSU advisor in program planning.
- **Graduation Requirements:** To qualify for graduation with a WSU bachelor’s degree, transfer students must meet certain requirements such as course credit hours, levels, GPA, and residency.

Program-Specific Requirements

Admission into the professional programs can be very competitive. Admission to the university does not guarantee admission into any program. Applicants must meet program prerequisites and apply through the specific program. Program prerequisites or requirements can affect General Education course choices. Review application instructions, deadlines and additional information on each program’s home page.

WSU Requirement	Hrs	JCCC Equivalent	Hrs
<u>BACHELOR OF ARTS IN COMMUNICATION SCIENCES & DISORDERS</u>			
Recommended coursework with a grade of “C” or better.			
Biological Science	3-5	Any course taught in the Biology department. <u>No</u> lab required.	3-5

* JCCC course has a prerequisite or corequisite.

+This course fulfills both General Education and program requirements simultaneously.

[^]General Education course approved by KBOR as a requirement for the degree program even if the student has already completed the General Education program.

(L) Course meets JCCC Lab Science requirement and carries the lab attribute for WSU.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.
