## POLICIES | SERVICES & RESOURCES | STATISTICS for 2021, 2022, and 2023

The Johnson County Community College (JCCC) Annual Security Report is published to meet the compliance requirements of the Jeanne Clery Disclosure of Campus Security Policy and Crime Statistics Act, and the Higher Education Opportunity Act of 2008. Unless otherwise stated, the policies and services included in this report are applicable to all JCCC campuses and property. It has been prepared in cooperation with the JCCC Police Department, local law enforcement, Campus Emergency Management, Student Success and Engagement, and other campus security authorities. The full text of this report is available at: <https://www.jccc.edu/student-resources/police-safety/police-department/files/pdfs/2023-annual-security-report.pdf>

Each year, all enrolled students receive email notification of the website to access this report. Employees receive similar notification via email. Copies of the report may also be obtained at the JCCC Police Department, 12345 College Blvd., Overland Park, Kansas, Midwest Trust Center - MTC 115, or by calling (913) 469-2500. All prospective employees may obtain a copy of this report from the Human Resources Department located at 12345 College Blvd., Overland Park, Kansas, General Education Building - GEB 274. Students may obtain a copy of this report online at <https://www.jccc.edu/student-resources/police-safety/police-department/files/pdfs/2023-annual-security-report.pdf> or by contacting the aforementioned departments.

### Reporting a Crime

The College encourages that all crimes be promptly reported to the JCCC Police Department ("Campus Police") to ensure inclusion in the annual crime statistics. Contact the Campus Police at (913) 469-2500, or (913) 469-8500, ext. 4111, or 911 for emergencies. You may also use the emergency phones located strategically throughout the main campus. Campus phones are also located in every classroom for prompt reporting. The JCCC Guardian campus safety app can also be used to call or text Campus Police in the event of an emergency. All crimes should be reported to Campus Police to aid in providing timely warnings to the College community when appropriate. Campus Police are located on the main campus in Overland Park in the Midwest Trust Center Building, MTC 115. To report a crime at one of JCCC's other campus locations, contact local law enforcement by calling 911 for emergencies and notify Campus Police as soon as it is safe to do so to make an internal report. Crime reports may also be made to the following JCCC personnel who are designated Campus Security Authorities (CSAs). For Clery Act reporting purposes, CSAs are JCCC officials who have significant responsibility for student and campus activities, including, but not limited to, student activities, student athletics, and student judicial and discipline proceedings. CSAs have completed training on handling reporting crimes and related school policies.

Upon receiving information concerning an incident, a police officer will investigate the incident, document the information, and take appropriate action. This action may involve working with local police or sheriff's departments, Johnson County District Attorney, and other state or federal agencies such as the FBI or the Drug Enforcement Administration. Cases are adjudicated through either the city or county and/or through the College's disciplinary system. Campus Police prepare a log of reported crimes by date that details the date, time, location, and disposition of reported incidents. The DAILY CRIME LOG for the last 60 days is open to public inspection upon request from 8 a.m. to 5 p.m., Monday through Friday in Midwest Trust Center - MTC 115, except on holidays. The daily crime log for entries older than 60 days will be made available within two business days of a request for public inspection.

JCCC has established a confidential reporting site – KOPS-Watch – for students, employees, and visitors to report suspicious or unusual behavior on any College-owned or College-operated facility or at any College-sponsored event or activity, either on or off campus.

Confidential reports can be submitted via the KOPS-Watch confidential reporting site found on [jccc.edu/kops-watch](http://jccc.edu/kops-watch) or by calling KOPS-Watch at 1-888-258-3230. Each report is reviewed by the College Behavior Intervention Team (BIT) for risk evaluation.

The Clery Act expressly exempts pastoral counselors and professional counselors acting within the scope of their licenses from reporting requirements. JCCC does not employ any pastoral counselors. JCCC professional counselors, whose job responsibilities include providing psychological counseling to members of the College community, are encouraged to inform persons being counseled of JCCC's procedures to report crimes on a voluntary basis for inclusion into the annual crime statistics. A professional counselor is a person whose official responsibilities include providing mental health counseling to members of the institution's community and who is functioning within the scope of his or her license or certification.

## Emergency Notifications/Timely Warnings/Notification Matrix

The College is committed to the safety and well-being of its students, employees, and visitors to the campus. In the event of a significant emergency or dangerous situation involving the immediate threat to the health or safety of persons on the campus, the College will immediately notify the campus community using any combination of the following methods:

<b>JCCC Alert (Text and Email)</b>	This is a free automated text messaging service sponsored by JCCC. It also delivers email messaging. All employees and students are automatically enrolled in mobile phone text and College email messages.
<b>Public Address (PA) System</b>	Emergency alerts may be sounded through an audible system located in the hallways of all main campus buildings advising of the situation and protective measures to take. Audio in various buildings and floors can be isolated for certain location-specific incidents.
<b>Digital Signage (TV displays)</b>	An emergency alert message may display on all monitors in the hallways across campuses advising of the emergency and how to respond.
<b>College Phones</b>	An emergency alert message may be announced and displayed on College classroom and office phones.
<b>JCCC Home Page (jccc.edu)</b>	An alert banner and link to emergency information may appear on the front page of JCCC's website. In a qualifying emergency, JCCC's main home page may also be replaced with an emergency page devoted to information about the incident.
<b>Media Outlets</b>	The College may use local media to inform the community of an emergency as needed.
<b>Social Media</b>	The College may use its official Facebook and X sites to inform followers of an emergency.
<b>Alertus – Desktop Computer Alert</b>	An emergency alert message may appear on all College network computers in labs, classrooms, and work areas advising of the emergency and protective measures to take.
<b>Guardian</b>	An alert message may be issued to all voluntary Guardian campus safety app users.
<b>College Main Phone Number Greeting 913-469-8500</b>	When a decision to close the College is made, the College's main phone message is changed to reflect the closing. The main phone greeting can also be updated to reflect information about an incident.
<b>NOAA Weather Radios</b>	Devices that provide automatic alerts of weather watches/warnings issued by the National Weather Service are strategically located throughout campus.
<b>Emergency 2-Way Radios</b>	As part of the Emergency Preparedness Program, primary Building Emergency Leaders (BELs) are equipped with 2-way handheld radios for mobile emergency communication with Campus Police.
<b>Fire Alarm System to include manual announcement capabilities</b>	Each building has an individual fire alarm message that sounds along with flashing strobe lights to signal building evacuation is necessary. An audible message can also be manually announced via the upgraded building fire alarm system with proper authority and access.
<b>Bullhorns</b>	Manual loudspeaker devices for communicating emergency instructions to large groups are strategically located throughout campus.
<b>Call Trees</b>	Department call trees may be implemented for emergency notification off-campus and after hours to communicate with employee teams regarding business continuity actions.

The JCCC Emergency Notification System consists of multiple methods to inform the campus and community (see table above). The appropriate mode(s) of distribution will be determined by the incident severity, timeline, and populations affected. The JCCC Emergency Notification System will issue alerts to advise the campus community unless notification would otherwise compromise the effort to assist victims or contain the emergency.

Upon confirmation of a significant emergency or dangerous situation involving an immediate threat to the health or safety of students or employees occurring on the campus, the College will, without delay, determine the content of and the appropriate audience for an Emergency Notification and initiate the Emergency Notification System. In accordance with the Emergency Operations Plan and RAVE Broadcast Administrator Guidance, supervisors within the Campus Police have the authority to activate the Emergency Notification System by alerting the Police Dispatch Communication Center to do so. Police Command then notifies the Incident Response Team (EVP/Finance & Administrative Services, Director Emergency Management, VP Strategic Communications and Marketing, EVP/Provost, VP & General Counsel) per the College Incident Activation Protocol. Continued follow-up information may be posted via the College Emergency Notification Systems every 15 to 20 minutes, as the emergency situation changes, or as new information becomes available to assist in response efforts.

An important part of the Emergency Notification System is providing the JCCC community with Timely Warnings regarding crimes that pose a serious or ongoing threat to persons or property. The issuing of a Timely Warning is decided on a case-by-case basis by Campus Police considering all the facts surrounding a crime reported to a CSA or Campus Police, including the nature of the crime, the continuing danger to the campus community, and the possible risk of compromising law enforcement efforts. Timely Warnings will not include victims' names or other identifying information of victims. Timely Warnings can be announced through written Crime Alerts and/or through the Emergency Notification System. Crime Alerts are produced by the Campus Police Command in coordination with Emergency Management/Incident Response Team. Upon receiving information regarding a potential threat, the Campus Police shift supervisor will contact Campus Police Command, who will in turn consult Emergency Management/IRT to determine whether a Timely Warning will be issued. The Timely Warning will be posted on the JCCC home page plus text and email notification systems in a manner that is timely and will provide protective advice that will aid in the prevention of similar occurrences. The information may also be distributed to all students and employees through other College alert systems. Follow-up information may be posted through the College Emergency Notification Systems as the situation changes or new information becomes available. If needed, the Campus Police will offer crime prevention presentations for continued mitigation.

## Emergency Management and Response/Evacuation Procedures

The Office of Emergency Management at JCCC maintains the Emergency Operations Plan, which provides a roadmap and resource guide for JCCC employees, especially Crisis Management Team Members, by providing information and guidelines in planning and responding during a crisis. While the plan does not cover every conceivable contingency situation, it does supply the basic administrative guidelines necessary to cope with most campus emergencies. Crisis Management Team Members support critical functions at the College and have received training on the Emergency Operations Plan and designated Emergency Operation Center support functions. All campus administrators, especially those whose responsibilities and authority include the operational areas specified in the plan, must adhere to these guidelines.

The College also has a College Emergency Response Plan (located [jccc.edu/student-resources/police-safety/college-emergency-response-plan/common-emergencies.html](http://jccc.edu/student-resources/police-safety/college-emergency-response-plan/common-emergencies.html)) which is based on "best practices" and contains specific information about life-safety emergency response guidelines for the campus community to follow. Included in the response plan are College emergency procedures for fire and evacuation, weather emergencies, earthquake, violent critical incident response, medical emergencies, etc.

The Campus Police and Office of Emergency Management will coordinate the response of emergency responders and the evacuation of buildings and/or the campus in the event of an emergency. These officials will also test the emergency response and evacuation procedures annually and publicize the emergency response and evacuation procedures for training and awareness. Annual testing may be either announced or unannounced and, if announced will be publicized on the JCCC InfoHub site, Canvas Announcements, and notices sent to Building Emergency Leaders (BELs). Documentation of the testing, to include a description of the exercise, the date, time and whether it was announced or unannounced, will be maintained and retained by the Office of Emergency Management.

The College conducts numerous emergency response drills and exercises on campus each year, such as tabletop scenario exercises, functional drills, and regularly scheduled tests of its emergency notification system (JCCC Alert). These tests are designed to assess and evaluate the emergency plans and capabilities of the institution to include lessons learned and specify after-actions to be taken. JCCC Campus Police Officers and Crisis Management Team Members also receive training in the Incident Command System, National Incident Management System (NIMS) practices, Emergency Operations Center functions, and response and recovery actions to critical incidents on campus.

## Security and Access to Campus Facilities

During the College's normal operating hours, the College is generally open to employees, students, visitors, contractors, and guests. After normal operating hours, a key card or police escort is required to access certain restricted areas. JCCC does not operate any residence halls. The main campus is monitored by Campus Police 24 hours a day – 7 days a week. Other campuses may be patrolled by local law enforcement in that jurisdiction, and Campus Police may have a periodic presence on those campuses, especially in response to a specific report. Any person requesting a police escort on or off campus should contact Campus Police (main campus) or local law enforcement (other campuses).

Property maintenance and physical access on the main campus are monitored by JCCC's Campus Services, Police Dispatch, and Access Control departments. Facilities and landscaping are maintained in a manner that minimizes hazardous conditions according to Crime Prevention Through Environmental Design (CPTED) principles. Campus Police regularly patrol the campus and report malfunctioning lights and other unsafe physical conditions to Campus Services for correction. Other members of the College community may also report unsafe conditions and/or equipment problems. Campus Police work closely with the Access Control Department within Information Services to ensure that exterior doors are secure and that any door security/maintenance issues are responded to promptly. Digital security cameras are placed in strategic locations around campus and, inside most facilities and parking areas. Specific buildings have cameras focused on areas of higher risk, such as facility entrances, elevators, and secure areas. Cameras are checked routinely through visual confirmation to ensure components are working via the central monitoring station located in the Police Dispatch Communication Center.

## JCCC Police Department

### Authority and Jurisdiction

Pursuant to K.S.A. 72-6146(a)&(c)-(e) and K.S.A. 22-2401a (8), members of the Campus Police Department force are state-certified police officers empowered to enforce all state and local laws. They have the authority to make arrests and carry firearms: (a) on property owned, occupied, or operated by the College ("College Property") or at the site of a function sponsored by the College; (b) on the streets, property and highways immediately adjacent to College Property; and (c) within any city or county where College Property is located in order to protect the health, safety, and welfare of students and employees of the College (with the appropriate agreement of local law enforcement agencies).

Campus Police coordinate the compilation of all relevant crime reports from CSAs and local law enforcement agencies for inclusion in the Annual Security Report. Additionally, Campus Police officers are trained in emergency CPR/AED, criminal law, criminal investigation, defensive tactics, crime prevention, use of firearms, sexual assault victim counseling, crisis intervention, crowd control, and enforcement of traffic regulations. A criminal background investigation is completed on all Campus Police personnel.

Available 24 hours a day – 7 days a week, Campus Police officers regularly patrol campus streets, parking lots, buildings, and grounds of the Overland Park main campus. Campus Police officers are responsible for maintaining order and public safety during all College events. The Campus Police also have uniformed bike patrol officers.

The Campus Police Department understands the overall academic mission of the College and strives to play a vital role in enhancing that mission. Concern for the College community's well-being, a desire to provide service and assistance whenever possible, and a constant desire to support the academic environment are all factors inherent in the department's daily operations, community policing practices, and policies.

### Cooperation with Local Law Enforcement

In addition to the geographical jurisdiction granted by statute, Campus Police have also entered into written Memorandums of Understanding (MOUs) with the Overland Park Police Department and Olathe Police Department establishing operational guidelines for College Property regarding mutual aid, the geographical scope of jurisdiction, circumstances requiring extended jurisdiction, and scope of law enforcement powers. Under the terms of these agreements, subject to certain notification requirements, Campus Police have jurisdiction in Overland Park and Olathe as deemed necessary by Campus Police to protect the health, safety, and welfare of JCCC students and employees. Campus Police are also permitted to act in response to a request by any city, county, state, or federal law enforcement agency with jurisdiction, or when in fresh pursuit of a person who is reasonably suspected of having committed a crime on College Property.

Campus Police maintain a close working relationship with the Overland Park Police Department, the Olathe Police Department, Johnson County Sheriff's Office, and other local law enforcement agencies. As a participant in the National Crime Information Center and the Kansas Criminal Justice Information System, the Campus Police Department shares information with other police agencies nationwide. Through its membership in a wide network of other regional, state, and international law enforcement organizations, Campus Police can exchange information used in investigating crimes and learn new crime prevention techniques.

## JCCC Crime Prevention and Security Awareness Programs

JCCC provides "Awareness Programs," "Ongoing Prevention and Awareness Campaigns," and "Primary Prevention Programs" as those terms are defined below to the campus community (including incoming and current students and employees). These programs are designed to educate and inform individuals on such topics once they join the campus community and reinforce the principles through ongoing education as those individuals remain part of the JCCC community.

- (1) *Awareness Programs* means community-wide or audience-specific programming, initiatives, and strategies that increase audience knowledge and share information and resources to prevent violence, promote safety, and reduce perpetration.
- (2) *Ongoing Prevention and Awareness Campaigns* means programming, initiatives, and strategies that are sustained over time and focus on increasing understanding of topics relevant to and skills for addressing dating violence, domestic violence, sexual assault, and stalking, using a range of strategies with audiences throughout the campus community.
- (3) *Primary Prevention Programs* means programming, initiatives, and strategies informed by research or assessed for value, effectiveness, or outcome that are intended to stop/deter dating violence, domestic violence, sexual assault, and stalking before they occur through the promotion of positive and healthy behaviors that foster healthy, mutually respectful relationships and sexuality, encourage safe bystander intervention, and seek to change behavior and social norms in healthy and safe directions.

## Keeping Our People Safe (KOPS) Program – Emergency Management

The [Keeping Our People Safe \(KOPS\) program](#) was developed to address emergency preparedness and safety and security needs of the College community. The program includes in-person/virtual preparedness training for all new employees, and campus-wide awareness programs and initiatives for the entire College community, including life-safety training, program brochures, information on the JCCC website, booth displays, flip-chart guides, wallet cards, flyers, posters, handouts, and video training that is available year-round throughout the campus for employees and students. The KOPS Program encourages the campus community to take a proactive approach to their own personal safety and security, to engage in responsible decision-making, and to report any suspicious activity to Campus Police immediately.

Faculty and staff who drive students are required to complete an annual verification of the status of their driver's licenses and motor vehicle records. If driving a passenger van, they must complete additional vehicle safety training.

## **JCCC Policies, Procedures, and Resources**

The following policies and procedures apply to all members of the College community: students, employees, and visitors. College policy is set by the College's Board of Trustees within the bounds of, local, state, and federal laws. As a large community college whose constituents engage in a wide variety of activities, these policies and procedures affect education by seeking to impact the College community's decision-making and behavior.

Students, employees, or visitors who violate federal or state laws concerning the possession, use, or sale of drugs or alcohol are subject to criminal prosecution, as the Campus Police actively enforce these laws. In addition, for students and employees, the College considers a violation of its drug and alcohol policies to be an offense that can result in mandated participation in training or in a drug or alcohol rehabilitation program, referral for criminal prosecution, and/or immediate disciplinary action, up to and including termination from employment (for employees) and either suspension or expulsion from the College (for students).

## **Student Code of Conduct – Alcohol and Controlled Substances**

JCCC supports and endorses the Federal Drug-Free Schools and Communities Act amendments of 1989, as stated in the Substance Abuse Policy 320.00. In addition, the College requires students to comply with the provisions of the Kansas Controlled Substance Act, K.S.A. 65 -4101 et seq.

These laws and JCCC policies provide, in part, that no student shall consume or possess any unauthorized alcoholic beverages, unlawfully manufacture, distribute, dispense, consume, or possess controlled substances, or be under the influence of such substances on any College-owned, College-operated, or College-utilized facility or at any College-sponsored event or activity either on or off campus in violation of the law or College policy. This includes but is not limited to service-learning trips, internship experiences, clinical and practicum assignments, or any off-campus JCCC-sponsored gathering.

## **Employee Code of Conduct – Alcohol and Controlled Substances**

JCCC supports and endorses the Federal Drug-Free Workplace Act of 1988 (41 USC § 811, et seq.). Pursuant to this Act, the unlawful manufacture, distribution, dispensation, possession, or use of a controlled substance or abuse of alcohol (as defined in the Act) by an employee on College Property or as part of any College activities is prohibited. Employees are not permitted to consume alcohol while on duty, except in limited circumstances as approved in accordance with the Substance Abuse and Alcohol Operating Procedure 424.04.

Pursuant to the Substance Abuse and Alcohol Policy 424.03, an employee must notify the College of any criminal drug statute conviction for a violation occurring in the workplace no later than five (5) days after such conviction. Such notice shall be provided in writing by the employee to a director over Human Resources.

For employees, the College will take appropriate personnel action for such infractions, up to and including termination as set forth in the Substance Abuse and Alcohol Policy 424.03 and the Suspension, Demotion and Termination Policy 415.08.

The Substance Abuse and Alcohol Operating Procedure 424.04 provides that employees are generally not permitted to consume alcohol while on duty. In limited circumstances, employees may be approved to consume alcohol in connection with College-sponsored activities that do not involve the direct supervision/oversight of JCCC students. Prior to the event where alcohol may be served/consumed, the employee must review the circumstances with the employee's direct supervisor who may also consult Human Resources regarding approval and any parameters related to such approval.

If approved, employees consuming alcohol must do so responsibly and in a manner that does not impair their ability to perform job duties or cause them to negatively represent the College. Employees should discuss specific expectations with their supervisor or Human Resources prior to consuming alcohol while representing the College.

Suspected violations of College Policy related to alcohol consumption or alcohol/substance abuse should be immediately reported to Human Resources for review and action. To support the College's goal of an environment free from illegal drug use and alcohol abuse, employees may be subject to drug and/or alcohol testing upon reasonable suspicion and in accordance with procedures administered by Human Resources.

## **Prohibition of Underage Drinking**

No one under the age of 21 may store, possess, or consume alcoholic beverages on any property under the control of the College under any circumstances. No one is permitted to provide alcoholic beverages to anyone under the age of 21 on such property.

## **Legal Sanctions for Students and Employees**

Students and employees are reminded that unlawful possession, distribution, or use of illicit drugs or alcohol may subject individuals to criminal prosecution. The College will refer violations or proscribed conduct to appropriate authorities for prosecution. Federal, State, and Municipal laws and regulations provide penalties and/or fines and imprisonment for violations of the criminal statutes which include possessing, offering for sale, possessing with the intent to offer for sale, distributing or manufacturing controlled substances such as opiates, narcotics, depressants, stimulants, or hallucinogenic drugs.

## Disciplinary Sanctions for Students and Employees

An employee who violates any provision of the College's alcohol and substance abuse policies shall be subject to appropriate disciplinary action including suspension, demotion, non-renewal and/or termination as provided in the Suspension, Demotion and Termination Policy 415.08. A student who violates any provision of those policies shall be subject to appropriate disciplinary action, up to and including suspension or expulsion as provided in the Student Disciplinary Action Policy 319.02. In addition, any student or employee who violates the Codes of Conduct as set forth in this Statement of Prevention of Alcohol Abuse and Drug Use may be subject to referral for prosecution.

The term "controlled substance" as used in these policies means substances included in Schedules I through V as defined by Section 812 of Title 21 of the United States Code and as further defined by the code of Federal Regulations, 21 C.F.R. 1300.01 through 1300.05. The term does not include the use of a controlled substance pursuant to a valid prescription or other uses authorized by law.

The term "alcohol" as used in this policy means any product of distillation or a fermented liquid which is intended for human consumption and includes alcoholic liquor, beer, and cereal malt beverages as defined in Chapter 41 of the Kansas statutes.

## Health Risks

Abuse of alcohol and use of drugs is harmful to one's physical, mental, and social well-being. Accidents and injuries are more likely to occur if alcohol and/or drugs are used. Alcohol and drug users can lose resistance to disease and destroy their health. Tolerance and psychological dependence can develop after sustained use of alcohol or drugs.

Alcoholism is the number one drug problem in the United States. Alcoholism takes a toll on personal finances, health, social relationships, and families. It can have significant legal consequences. Abuse of alcohol or misuse of drugs may cause an individual driving a motor vehicle to injure others and may subject the abuser to criminal prosecution. Drunk drivers are responsible for more than half of all traffic fatalities.

More specifically, the major categories of drugs and the significant health risks of each are listed below.

**AMPHETAMINES** - Physical dependency, heart problems, infections, malnutrition, and death may result from continued high doses of amphetamines.

**NARCOTICS** - Chronic use of narcotics can cause lung damage, convulsions, respiratory paralysis, and death.

**DEPRESSANTS** - These drugs, such as tranquilizers and alcohol, can produce slowed reactions, slowed heart rate, damage to liver and heart, respiratory arrest, convulsions, and accidental overdoses.

**HALLUCINOGENS** - May cause psychosis, convulsions, coma, and psychological dependency.

## Alcohol and Substance Abuse Prevention Programs and Resources

Johnson County Community College has adopted these policies to prevent the illegal possession, use, and sale of alcohol and drugs by College students and employees on College premises or as part of College-sponsored activities. In addition, the College has developed programs to prevent the illicit use of drugs and the abuse of alcohol by students and employees. These programs provide services related to alcohol and drug abuse including dissemination of informational materials, educational programs, counseling services, referrals, and College disciplinary actions.

## Sexual Harassment – Sexual Assault, Domestic Violence, Dating Violence, & Stalking

In support of the Violence Against Women Reauthorization Act, Title IX, and the Clery Act, JCCC prohibits the following offenses: rape, acquaintance rape, domestic and dating violence, sexual assault, hate crimes, and stalking.

**Domestic/Dating/Partner Violence:** JCCC is committed to providing an institutional environment where all persons may pursue their studies, careers, duties, and activities in an atmosphere free of threat of interpersonal violence. The College will support those who have been victimized by dating/domestic/partner violence by providing information and counseling services and, depending on the individual case, will refer the matter to the appropriate office or department to be handled under applicable College policies and procedures or Kansas criminal statutes.

**Stalking:** Stalking is a crime under Kansas Statute, K.S.A. 21-5427. Stalking behavior is prohibited and will not be tolerated at JCCC. JCCC defines stalking as engaging in a course of conduct directed at a specific person that would cause a reasonable person to fear for the person's safety or the safety of others; or suffer substantial emotional distress. Course of conduct means two or more acts, including, but not limited to, acts in which the stalker directly, indirectly, or through third parties, by any action, method, device, or means, follows, monitors, observes, surveils, threatens, or communicates to or about a person, or interferes with a person's property. Reasonable person means a reasonable person under similar circumstances and with similar identities to the victim. Substantial emotional distress means significant mental suffering or anguish that may, but does not necessarily require medical or other professional treatment or counseling. While certain acts can be classified as crimes, others that do not rise to criminal behavior may still be subject to the campus disciplinary process. The College can take action and has the right to place sanctions on an offender. Incidents occurring on or off campus may be subject to College discipline when such actions violate College policy. Legal options available to victims of stalking include reporting to the Campus Police or local police, seeking a remedy through civil proceedings, and/or using the campus complaint reporting process. This policy applies equally to all members of the JCCC community: students, employees, and visitors. JCCC is committed to protecting the right of all individuals to pursue their intellectual, vocational, and personal interests without harassment or interference. The College is also committed to providing an environment in which visitors to and members of the campus community are treated with dignity, respect, and regard for their welfare and learning needs.

The College's [Sexual Harassment Policy 650.00 \(jccc.edu/about/leadership-governance/policies/safety-and-security/campus-community-safety/sexual-misconduct.html\)](http://jccc.edu/about/leadership-governance/policies/safety-and-security/campus-community-safety/sexual-misconduct.html) prohibits Sexual Harassment (which encompasses rape, acquaintance rape, domestic and dating violence, sexual assault, stalking, and hate crimes that are Sexual Harassment under Title IX, in addition to other types of prohibited sexual harassment) and related retaliation of any nature against or by any student or employee. The College's Student Discrimination, Harassment or Retaliation Policy 319.05 and Employee Discrimination, Harassment or Retaliation Policy 420.00 prohibit sexual misconduct and hate crimes that are not Sexual Harassment under Title IX, as well as other forms of harassment, discrimination, and retaliation. Sexual misconduct is a broad term encompassing unwelcome sexual advances, requests for sexual favors, and any other verbal or physical conduct of a sexual or gender-based nature, whether intentional or unintentional, where:

- an individual's submission to or rejection of the conduct is made, either explicitly or implicitly, a term or condition of employment or of status in a course, program, or activity, or is used as a basis for an employment or academic decision; or
- the conduct is sufficiently severe, persistent, or pervasive such that it has the purpose or effect of unreasonably interfering with an individual's work performance, academic performance, or educational experience, or of creating an intimidating, hostile, humiliating, or offensive working or educational environment; but
- Does not include Sexual Harassment as defined by the Sexual Harassment Policy 650.00

It is not possible to list all circumstances that might constitute sexual misconduct.

The following examples of conduct may constitute Sexual Harassment or sexual misconduct:

- Unwelcome sexual advances—whether they involve physical touching or not;
- Sexual epithets, jokes, written or oral references to sexual conduct, gossip regarding one's sex life;
- Commenting on an individual's body, commenting about an individual's sexual activity, deficiencies or prowess;
- Displaying sexually suggestive objects, pictures or cartoons;
- Unwelcome leering, whistling, brushing against the body, sexual gestures or suggestive or insulting comments;
- Inquiries into one's sexual experiences;
- Discussion of one's sexual activities; and
- Sexual violence and assault prohibited by law, including rape, domestic and dating violence, and other forcible sex offenses.

In addition to the definitions and examples of Sexual Harassment and sexual misconduct referenced above, JCCC prohibits any conduct that would be a violation of Kansas law, specifically including the following provisions that further define domestic violence, dating violence, stalking and sexual assault in this jurisdiction.

“Domestic violence” means abuse committed against a victim or the victim's spouse or dependent child by: (1) A current or former spouse of the victim; (2) a person with whom the victim shares parentage of a child in common; (3) a person who is cohabitating with, or has cohabitated with, the victim; (4) a person who is related by blood or marriage; or (5) a person with whom the victim has or had a dating or engagement relationship. The term also encompasses “Domestic battery” which is (1) knowingly or recklessly causing bodily harm by a family or household member against a family or household member; or (2) knowingly causing physical contact with a family or household member by a family or household member when done in a rude, insulting or angry manner.

“Dating violence” is not separately defined by Kansas law, but “Domestic violence” includes abuse committed against a victim or the victim’s spouse or dependent child by a person with whom the victim has or had a dating or engagement relationship.

“Stalking” is (1) Recklessly engaging in a course of conduct targeted at a specific person which would cause a reasonable person in the circumstances of the targeted person to fear for such person's safety, or the safety of a member of such person's immediate family and the targeted person is actually placed in such fear; (2) engaging in a course of conduct targeted at a specific person with knowledge that the course of conduct will place the targeted person in fear for such person's safety or the safety of a member of such person's immediate family; or (3) after being served with, or otherwise provided notice of, any protective order that prohibits contact with a targeted person, recklessly engaging in at least one act listed in this definition that violates the provisions of the order and would cause a reasonable person to fear for such person's safety, or the safety of a member of such person's immediate family and the targeted person is actually placed in such fear. “Course of conduct” means conduct consisting of two or more separate acts over a period of time, however short, evidencing a continuity of purpose.

In Kansas, “sexual assault” includes numerous criminal offenses such as rape, sexual battery, and indecent liberties with a child, etc. Definitions for those terms can be found in Kansas Statutes Annotated, Chapter 21, Article 55.

In order to constitute Sexual Harassment or sexual misconduct, conduct must be unwelcome or non-consensual. Conduct is unwelcome when the other person does not solicit or invite it and regards it as undesirable or offensive. The fact that a person may accept the conduct does not mean that he/she welcomes or consents to it.

Sexual Harassment, sexual misconduct, and sexual assault will not be tolerated. Specifically, such conduct is a form of illegal discrimination in violation of [Title VII of the Civil Rights Act of 1964](#), [Title IX of the Education Amendments of 1972](#) and [The Kansas Act Against Discrimination Article 10](#) and could lead to arrest and criminal prosecution and carry severe penalties including fines and jail time. Acts in violation of the College’s Student Code of Conduct Policy 319.01 and personnel policies may result in sanctions such as: warnings, probation, suspension or expulsion for students and warning, suspension, demotion or termination of employment for employees. Disciplinary action on the part of the College does not preclude the possibility of criminal charges against the individual.

## **Retaliation**

Any attempt to penalize or retaliate against a person for filing a complaint or participating in the investigation of a complaint of sexual assault, misconduct, or harassment will be treated as a separate and distinct violation of College policy.

## **Sexual Harassment or Sexual Misconduct Reporting and Investigation Procedures**

### **Reporting an Incident of Sexual Harassment or Sexual Misconduct**

**Report the incident to a JCCC Title IX Coordinator.** Individuals may report Sexual Harassment to the College’s Title IX Coordinator’s in accordance with the [Sexual Harassment Complaint Procedures 650.01](#) ([jccc.edu/about/leadership-governance/policies/safety-and-security/campus-community-safety/procedure-student-sexual-misconduct-complaint.html](#)). ## Complaint and Investigation Procedures

Complaints alleging sexual harassment or sexual misconduct are handled in accordance with applicable College policies and procedures. In general, the appropriate College personnel will first schedule an individual intake meeting with the complainant in order to: provide to the complainant a general understanding of College policy and complaint procedures; to identify forms of support; and provide a general overview of how the allegation of Sexual Harassment or sexual misconduct could potentially be addressed at both the College level and as a criminal matter with local law enforcement. An investigation will be conducted by an individual who has been trained on JCCC's policies and procedures, and may include review of documentation, interviews with the complainant, respondent and other witnesses, and any other necessary inquiries.

Resolution procedures will utilize a preponderance of the evidence standard. Complaints of Sexual Harassment and sexual misconduct may be resolved informally or formally in accordance with the applicable College policy and the law. As applicable, an impartial hearing officer or College personnel may determine and implement a resolution and discipline. The detailed procedures for each type of offense including all applicable timelines can be found at the links below.

For complaints of Sexual Harassment against a student or employee, the [Sexual Harassment Complaint Operating Procedures 650.01 \(jccc.edu/about/leadership-governance/policies/safety-and-security/campus-community-safety/procedure-student-sexual-misconduct-complaint.html\)](#) will be used.

For complaints of sexual misconduct against an employee, the [Employee Discrimination, Harassment or Retaliation Complaint Operating Procedure 420.01 \(jccc.edu/about/leadership-governance/policies/personnel/employee-complaints-and-discipline/procedure-discrimination-harassment-retaliation.html\)](#) will be used.

For complaints against a third party, the matter will be referred to the Campus Police or local law enforcement for investigation. JCCC Student Services will take any necessary action in the best interest of the victim during the pendency of the investigation.

*Regardless of whether the complainant wishes to pursue Formal Resolution, Informal Resolution, or no resolution of any kind, the College will undertake an appropriate impartial inquiry and take such prompt and effective action as is reasonably practicable under the circumstances to support the parties, including taking appropriate supportive measures and interim steps, as applicable, before the final outcome of complaint. As allowed by law and College policy, the College may impose a "no contact" order, which typically will include a directive that the parties refrain from having contact with one another, directly or through proxies, whether in person or via electronic means, pending the investigation. As allowed by law and College policy, the College also may take any further protective action that it deems appropriate concerning the interaction of the parties both during the Investigation and as part of the outcome of the Investigation, including, without limitation, directing appropriate College officials to alter the students' academic and/or college employment arrangements. When taking steps to separate the complainant and the respondent, the College will seek to minimize unnecessary or unreasonable burdens on either party. Violation(s) of the College's directive and/or protective actions will constitute related offenses that may lead to additional disciplinary action.*

Regardless of the specific complaint investigation procedures utilized by the College, the complainant and the respondent will be entitled to the same opportunities to have timely notice of any meetings/interviews scheduled with them and access to information discussed, as well as the same opportunities to have others present during a disciplinary proceeding (including an advisor of their choice), and both the complainant and the respondent are entitled to be simultaneously notified in writing of the outcome of the disciplinary proceeding, JCCC's appeal procedures, any subsequent change to the outcome of the disciplinary proceeding and the date the results are considered final.

**Duty to Report.** All supervisory employees of the College holding a designated supervisory position (as determined by the listing maintained in Human Resources for Supervisor Evaluation purposes) and others as specifically designated by the College shall have a duty to report to one of JCCC's Title IX Coordinators any suspected Sexual Harassment or sexual misconduct involving a student

or employee of which they become aware. All other employees with direct knowledge of such conduct are encouraged to report knowledge of any suspected Sexual Harassment or sexual misconduct involving a student or employee.

**Sanctions.** Disciplinary proceedings against a student may result in sanctions imposed by the College including written/verbal warnings, change in academic situation, probation (in semester increments up to three full academic years), suspension (in semester increments up to three full academic years) and/or expulsion (not eligible to return to JCCC). Disciplinary proceedings against an employee may result in written/verbal warnings, probation, suspension and/or termination (each probation/suspension related to a disciplinary action will be for a minimum of one day and a maximum of one year). The accused may also be subject to civil and criminal proceedings outside the College, which could result in civil penalties, injunctive relief (restraining order), criminal fines, probation and/or jail time. In addition to or in conjunction with the disciplinary actions listed above, the following list of sanctions may be imposed by the College: mandatory training, hold on student records, academic or personal counseling, attendance at the Employee or Student Assistance Program (EAP or SAP), restitution and fines, required administrative meetings, medical certification/evaluation, execution of a performance improvement plan or behavioral agreement, modifications to the academic or work schedule, issuance of a no-contact order in relation to another individual, mandatory project or assignment (i.e. writing assignment), denial of privileges, ban from JCCC campus or activities, community service and/or any other sanction listed in the applicable JCCC discipline policies/procedures.

### **Appropriate Disciplinary Action and the Right to Know the Outcome**

Appropriate disciplinary action may include a range of actions up to and including dismissal and/or expulsion. Both the complainant and respondent are entitled to the same opportunities to have others present during any disciplinary proceedings. Both the complainant and the respondent will be informed of the result of any College disciplinary proceedings.

“Proceeding” means all activities related to a non-criminal resolution of an institutional disciplinary complaint, including, but not limited to, fact-finding investigations, formal or informal meetings, and hearings. Proceeding does not include communications and meetings between officials and victims concerning accommodations or protective measures to be provided to a victim.

“Result” means any initial, interim, and final decision by any official or entity authorized to resolve disciplinary matters within the institution. The result must include any sanctions imposed by the institution. Notwithstanding section 444 of the General Education Provisions Act (20 U.S.C. 1232g), commonly referred to as the Family Educational Rights and Privacy Act (FERPA), the result must also include the rationale for the result and the sanctions. Johnson County Community College will disclose to the alleged victim of a crime of violence (as that term is defined in Section 16 of Title 18, United States Code), or a non-forcible sex offense, the results of any disciplinary proceeding conducted by the College against the student who is the alleged perpetrator of the crime or offense. If the alleged victim is deceased as a result of the crime or offense, the College will provide the results of the disciplinary proceeding to the victim’s next of kin, if so requested in writing.

### **Changes in Academic/Working Situation**

JCCC will assist in changing academic, and/or college-working situations in accordance with applicable complaint procedures after a sexual assault incident, if so requested by the complainant or the respondent and if such changes are reasonably available under the applicable policies and operating procedures.

### **JCCC Police Department Response to Sexual/Domestic Abuse Crime**

Johnson County Community College explicitly condemns sexual assault of students and employees. Sexual assault is unlawful; those who engage in it are subject to College sanctions as well as civil and criminal penalties. When criminal action is pursued in addition to an administrative grievance under JCCC policy, JCCC will coordinate its investigative actions with campus or local law enforcement authorities to ensure that criminal prosecution is not jeopardized. Where review by the College administration determines that immediate administrative action is necessary for the safety, health, and well-being of the campus community, such action may be taken.

## Sexual Harassment/Misconduct Prevention Programs and Resources

### What You Should Know About Consent

Consent is an important concept when it comes to sexual assault. Consent must be a willingness or agreement to engage in sexual activity that is freely given with full information of the facts and circumstances. A person cannot give valid consent in Kansas if he/she is:

- Overcome by force or fear;
- Unconscious or powerless;
- Mentally incapacitated, whether due to a mental disease or alcohol/drug intoxication;
- Under the age of 16;
- Providing apparent consent due to fraud or misrepresentation.

At the heart of the idea of consent is the idea that every person has a right to **personal sovereignty** – not to be acted upon by someone else in a sexual manner unless given clear permission to do so.

The definition of consent may be broad or narrow, meaning it can be limited. Consent to one form of sexual activity does not automatically imply consent to other forms of sexual activity.

Consent may be given verbally or non-verbally, based on an active, informed, mindful, freely decided choice. Intoxication may make this (legally) not possible.

Consent means that you cannot make assumptions about what your partner does or does not want. **Absence of clear signals is a sign to stop.**

The idea of consent eliminates the need to engage in force and resistance behaviors. There is no biological harm to either person in stopping at any point.

No means no, but saying nothing also means no. Silence and passivity do not equal permissions. **SUBMISSION DOES NOT EQUAL CONSENT!**

If you receive a “no” and keep right on pressuring/continuing to interact sexually, your behavior is considered to be a coercive influence on the other party.

To be valid, consent must be given prior to or contemporaneously with sexual activity.

In a nonviolent community, it is expected that all members respect all other members at all times, including in the context of sexuality. Respect means paying attention to verbal and non-verbal cues, desires, and boundaries.

“After the fact” is not the time to discuss boundaries. **Communicate!**

### Sexual Assault Education and Prevention

The College has programs in place designed to provide education regarding safety and security, including prevention of sexual assault. These programs are sponsored through the JCCC Student Success and Engagement Branch and include the following:

- A mandatory training video on Preventing Sexual Misconduct for identified groups of students who may have increased risk due to the student activities they participate in. (<https://www.jccc.edu/student-resources/police-safety/sexual-misconduct-awareness-prevention-response/>)
- Opportunities to attend on-going programming sessions related to Personal Safety issues such as Sexual Assault, Domestic and Dating Violence, Hate Crimes, Stalking, Active BYSTANDER, and Drug and Alcohol issues.
- Faculty and Staff are provided information and guidance on helping students in a crisis situation. The Crisis Counseling guidance brochure is available in InfoHub.
- All employees must go through annual online training and a competency quiz covering topics which include sexual misconduct, sexual harassment, and other campus safety and security matters.
- Keeping Our People Safe (KOPS) programming is designed to raise awareness and encourage early detection and reporting of crimes on campus. More information is available at [jccc.edu/kops](https://jccc.edu/kops) and reporting available at [jccc.edu/kops-watch](https://jccc.edu/kops-watch).

- The JCCC Police Department and Crime Prevention Officer offers educational programs, presentations, and literature promoting responsible decision-making and providing education on the legal consequences of alcohol and drug use and sexual assault response and prevention. The department has an excellent supply of brochures, posters, and other printed materials about these subjects, which are available to the College community and public free of charge. Special emphasis is placed on personal safety, and every student, employee, or visitor is encouraged to take a responsible and proactive approach to their own personal safety and security. The ultimate goal of these programs is to make the campus environment as safe and crime-free as possible by raising the level of awareness of individuals and promoting a willingness to assume individual responsibility in reducing opportunities for crime to occur.

To obtain copies of or access to the materials, contact JCCC Student Success and Engagement in the Student Center, SC 325, or visit [jccc.edu/about/leadership-governance/administration/student-success-engagement/](http://jccc.edu/about/leadership-governance/administration/student-success-engagement/)

## **Safety and Security Tips for Preventing Sexual Assault**

### **On Campus**

- Never walk alone at night. Call a friend or Campus Police at (913) 469-2500 for an escort.
- Always be aware of your surroundings. Walk purposefully and make eye contact with strangers.
- In parking lots, have keys ready when you approach your car to make your entry easier.
- After dark, try to park in a well-lit area close to your destination.
- Always lock car doors and roll up windows. Keep valuables out of sight or in the trunk.
- If you feel threatened, immediately go to an open building where there are other people or to one of the red emergency phones around campus.
- Never leave personal items unattended or unlocked.
- Emergency 911 telephone calls on cellular telephones will not be answered by Campus Police but will be directed to a 911 Call Center. When calling 911, please advise the officer who answers the telephone that your emergency is occurring on the JCCC campus.

### **At Home**

- Always lock all doors, even when you are there. Take keys with you, even when stepping out for “just a second.”
- Keep windows locked.
- Don’t loan out your keys or leave them lying around. Detach house keys from the main ring when having vehicles serviced.
- Utilize door viewers or safety chains. Don’t open doors without verifying the identity of the person on the other side.
- Don’t keep expensive jewelry, collectibles, or large amounts of cash at home.
- Don’t advertise your absence, especially on your answering machine or a social media site.

### **In Social Situations**

- When dating someone you don’t know well, inform people you trust about your date.
- Socialize in groups so that you’re not alone with just one person. There really is safety in numbers.
- Drive yourself and carry extra money in case you need to get home alone.
- If you feel uncomfortable, there’s probably a reason. It’s better to do something you may consider rude than to remain in a dangerous situation.
- Remember that alcohol impairs both your decision-making processes and the ability to communicate.
- Keep all drinking glasses, bottles, or other open containers in sight at all times. When accepting a drink of some kind, make sure that you open the container yourself and be aware that ice cubes could contain harmful substances as well.

### **Guard Your Privacy on Social Networking Sites**

- Don't give out information simply because it is requested.
- Giving out birthdates, full names, addresses, phone numbers, Social Security numbers, bank or credit card accounts and other personally identifiable information can lead to identity theft and cyber stalking.
- Select gender-neutral usernames.
- Protect your passwords.
- Be cautious about posting pictures of yourself, as stalkers sometimes can become obsessed by photos or images.
- Versions of online information can be archived, so once you post information, deleting it does not ensure that it is no longer available online.
- Be cautious about arranging personal meetings with new online acquaintances.
- Only post information that you are comfortable having others see, including parents, potential employers, instructors, etc.
- Trust your instincts.

### **Protect Yourself from Drug/Alcohol-Facilitated Sexual Assault**

- Never leave your drink unattended. Because they are colorless and odorless, drugs used in drug-facilitated sexual assault can be slipped into any type of beverage.
- Do not accept drinks from anyone but a bartender or server. Try to attend bars or parties with a group of friends, arranging beforehand to watch each other's drinks.
- If you think your drink has been tampered with, seek medical attention immediately and request the hospital conduct toxicology testing.

## What To Do If You Are Sexually Assaulted

**Get to a safe place.** For your protection, call 911, the JCCC Police Department or local law enforcement, especially if the accused is still nearby. JCCC Police will assist you whether or not you choose to prosecute the accused. Once you are safe, call a friend or family member for support or JCCC will provide you with community resources that can provide victim's advocate/support services. Also, a number of College personnel are willing and able to assist in reporting assaults to the proper authorities.

**Get medical attention immediately and preserve evidence.** The primary purpose of a medical examination is to check for physical injury, the presence of sexually transmitted diseases or pregnancy as a result of the assault. The secondary purpose of a medical examination is to aid in the police investigation and legal proceedings. It is important to preserve evidence, so do not shower, bathe, eat/drink, brush your teeth, change clothes, or disturb the scene of the attack. The evidence collected may be important to prove rape, domestic violence, dating violence, sexual assault or stalking or other sexual assault, and may assist in obtaining a protection order.

**Report the incident to the police.** You are encouraged to report the incident. You can report directly to law enforcement or upon request, the College will assist you with reporting to the appropriate authorities. It is up to you, but reporting is not the same thing as prosecution. Prosecution can be determined later. To contact the JCCC Police, call (913) 469-2500 or ext. 4111 from a campus phone. At a minimum, Campus Police will provide victims with the telephone numbers for the Office of the Vice President, Student Success and Engagement, and area organization(s) that can provide victim's services. Again, College personnel are willing and able to assist you in reporting assaults to the proper authorities.

If you are a victim of a sexual assault and decide not to notify the JCCC Police Department or the local police, please secure medical attention and contact any of the victim support resources listed in this publication.

**Enforcing a Restraining or No Contact Order at JCCC.** A restraining order is an order from a court that requires one party to do, or refrain from doing, certain acts. For example, it can help protect you from being physically abused, threatened, stalked, or harassed. If you have a court order, you should inform JCCC's Police Department and/or Title IX Coordinators. JCCC can help to enforce the restraining or no-contact order on campus and at JCCC events. Even if you do not have a court order, JCCC may issue a no-contact order as part of its investigation and resolution procedures or take further protective action to minimize the interactions of you and the accused, such as rearranging College schedules or altering College employment arrangements.

**Every victim of a crime has the right to be informed about how his or her case will be handled by law enforcement. If the incident is reported, JCCC Police will:**

- Provide the case number assigned to the victim's case, if requested
- Explain the processing of a criminal case
- Provide guidance on how to obtain information about the processing of the case
- Provide the non-emergency Campus Police telephone number to enable a victim to request information about the status of his or her case
- Provide the victim with victim advocacy resource information throughout the process to address a victim's needs and concerns as well as those of significant others
- If possible, accommodate a victim's request to speak to an officer of the same gender
- Make arrangements for medical treatment with respect for a victim's choice of medical facility
- Assist any local, state, and federal authority investigating the assault

***A victim's name and identifying information will be withheld from the public and the press as allowed by law, in accordance with Kansas open records laws or other legal processes. This may be accomplished by withholding or redacting documents, as well as excluding the victim's name and identifying information from reports made available to the public and the media.***

### **What Can You Do If Someone You Know Has Been Sexually Assaulted?**

If you know someone who has been sexually assaulted, you can be of help. In the aftermath of a sexual assault, the victim may experience fear, insecurity, and/or frustration and need care and support from others. You, as a friend (or spouse or family member), can play an important role by providing reassurance and support.

Allow your friend to reflect upon what has happened and the feelings experienced, but do not press for details. Let your friend set the pace. Listening is one of the best things you can do at this time. In short, be a trusted friend.

If your friend has not received medical attention, encourage your friend to do so. Know that there is a possibility the medical facility will notify the police. However, it is up to your friend to make the final decision as to whether a formal police report will be initiated.

You can be a valuable resource to your friend by seeking out and providing information that will assist in understanding available options. For example, you can let your friend know that reporting the rape and collecting evidence does not automatically lock your friend into pursuing prosecution of the offender. What it does do is assist the police in identifying the method and possible identity of the accused. Since rapists tend to rape more than once, any information that can be provided may prevent the sexual assault of someone else. You may be asked to testify in conduct proceedings regarding your friend's remarks, actions, and state of mind, especially if you were one of the first people your friend approached. Jotting down a few notes may prove to be of benefit later.

Making the decision to report a sexual assault to the police and to undergo the subsequent processes of evidence collection and possible legal and conduct proceedings will be very difficult for your friend. Although it is only natural that you will want to give advice, you must avoid trying to control the situation. A victim of sexual assault needs to regain control and must be allowed to make one's own decisions.

Whatever decisions are made, your friend needs to know that she/he will not be judged, disapproved of, or rejected by you. The victim of sexual assault can suffer a significant degree of physical and emotional trauma both during and immediately following the rape that may remain for a long time. By being patient, supportive, and nonjudgmental you can provide a safe accepting climate into which your friend can release painful feelings.

Sometimes friends or family members take the sexual assault of a loved one very personally, almost as if the assault had happened to them. They may feel resentment or anger and unleash this anger on the victim and/or others. Sometimes their sense of frustration and helplessness is pitted against a powerful urge for revenge. Do not make the mistake of discounting or ignoring your emotional responses. It is very important to realize that you too are responding to an unwanted crisis. You are trying to understand what has happened and adjust to unfamiliar realities. Therefore, do not hesitate to take advantage of support services in your community, which offer counseling for victims of sexual assault and their significant others.

## Information and Other JCCC Policies Affecting Safety

### Bullying

Bullying is a widespread and serious problem that can happen anywhere. It is not a developmental phase an individual has to go through, it is not "just messing around," and it is not something to grow out of. Bullying can cause serious and lasting harm and is prohibited at JCCC and the in the State of Kansas. Additionally, bullying may be a precursor to Sexual Assault offenses.

Bullying is any intentional gesture or any intentional written, verbal, electronic, or physical act or threat that is sufficiently severe, persistent, or pervasive that it creates an intimidating, threatening or abusive educational environment for a student or employee that a reasonable person, under the circumstances, knows or should know will have the effect of: Harming a student or employee, whether physically or mentally; damaging a student's or employee's property; placing a student or employee in reasonable fear of harm to the student's or employee's person; or placing a student or employee in reasonable fear of damage to the student's or employee's property. Bullying includes cyberbullying, which is bullying through the use of electronic means.

Although definitions of bullying vary, most agree that bullying involves:

- **Imbalance of Power** – People who bully use power to control or harm and the people being bullied may have a hard time defending themselves.
- **Intent to Cause Harm** – Actions done by accident are not bullying; the person bullying has a goal to cause harm.
- **Repetition** – Incidents of bullying happen to the same the person over and over by the same person or group.

Bullying can take many forms. Types of bullying include:

- **Verbal** – Name-calling, hassling someone, degrading comments
- **Social** – Spreading rumors, leaving people out on purpose, interfering negatively on other relationships
- **Physical** – Hitting, punching, shoving
- **Cyberbullying** – Using the Internet, mobile phones or other digital technologies to harm others, [stopbullying.gov/cyberbullying/what-is-it](http://stopbullying.gov/cyberbullying/what-is-it)

### Weapons Policy

JCCC only permits the possession or carrying of weapons as specifically set forth in the [Weapons Policy 660.00 \(jccc.edu/about/leadership-governance/policies/safety-and-security/campus-security-and-control/weapons.html\)](http://jccc.edu/about/leadership-governance/policies/safety-and-security/campus-security-and-control/weapons.html) and the [Student Code of Conduct \(jccc.edu/about/leadership-governance/policies/students/student-code-of-conduct/student-code-conduct.html\)](http://jccc.edu/about/leadership-governance/policies/students/student-code-of-conduct/student-code-conduct.html), and in accordance with applicable state and federal laws (including the Kansas Personal and Family Protection Act K.S.A 75-7c01 *et seq.*).

## Bystander Intervention and Risk Reduction

A large part of preventing sexual misconduct and other inappropriate behavior (such as bullying) involves recognition of warning signs and early intervention efforts.

“Bystander intervention” means safe and positive options that may be carried out by an individual or individuals to prevent harm or intervene when there is a risk of dating violence, domestic violence, sexual assault, or stalking. Bystander intervention includes recognizing situations of potential harm, understanding institutional structures and cultural conditions that facilitate violence, overcoming barriers to intervening, identifying safe and effective intervention options, and taking action to intervene.

“Risk reduction” means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims to promote safety and to help individuals and communities address conditions that facilitate violence.

### What Does It Mean to Be An Active BYSTANDER?

As a part of the JCCC Civility campaign of “Be,” the College asks that every one of the JCCC student body and staff “Be an Active BYSTANDER.” This means that as an Active BYSTANDER you care about the JCCC community, as well as the surrounding community you live in. Rather than being passive, when they witness troubling behavior, Active BYSTANDERS take action to make sure that JCCC is a safe, accepting, and fun place to go to school and work. Being an Active BYSTANDER means Being Aware, Deciding to Act, and when you, “See Something Say Something.”

There are many situations that would call for an Active BYSTANDER to intervene, including disrespectful or abusive behavior, homophobic, racist, or sexist jokes, discrimination, risky behavior resulting from substance use, hate behavior or comments, or taking advantage of power imbalances (like status, size, or level of inebriation).

Being an Active BYSTANDER doesn’t have to be dramatic. It can be as simple as saying something like, “Are you OK?” or “Can I talk to you for a sec?” or “That’s really not cool” or “Are you kidding me, really?”

Some keys to safe BYSTANDER Actions are:

#### GET SOME BACKUP:

1. Get your friends together; it’s time to leave.
2. Get your friends for backup. Sometimes having your friends to back you up makes it easier to intervene.
3. If intervening in the situation would be dangerous for you to do, call JCCC Campus Police at (913) 469-2500, (913)469-8500, ext. 4111 OR call 911—it’s always an option for intervention.

#### DISTRACTION:

1. Invite yourself to tag along.
2. “Hey, this party is lame, let’s go somewhere else.”

#### SILENT STARE:

1. Sometimes a disapproving look can be far more powerful than words.

#### HUMOR:

1. Reduces the tension of an intervention and makes it easier for the person to hear you.
2. Do not undermine what you say with too much humor. Funny doesn't mean unimportant.

#### BRING IT HOME:

1. Say something, "I hope no one ever talks to you like that."
2. Challenge a sexist/rape joke, "I don't get it; can you explain why that joke is funny?"

#### BE A FRIEND:

1. "I gotta tell you that the way you acted makes you look like a jerk."
2. "As your friend, I thought you were better than this."

## Crime Reporting and Annual Statistics

Crime statistics provided in compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act are for your information. These statistics are compiled and released annually by the Johnson County Community College Police Department. The totals you see in the charts at the end of this Annual Security Report represent the compilation of all designated Clery Act crimes reported to campus law enforcement officials and Campus Security Authorities (CSAs).

To ensure that all designated CSAs are knowledgeable of Clery Act reporting requirements, CSAs of JCCC are sent an email advisory each spring semester detailing the requirement that they provide to the Campus Police any information brought to their attention regarding any Clery Act reportable crimes. Please note that under the guidelines of the Clery Act, this information can be brought to the attention of the CSA by a victim, witness, other third party or even the offender; and regardless of whether or not the individuals involved in the crime, or reporting the crime, are associated with the institution. If the CSA receives the crime information and there is no reason to believe the report was not made in good faith, the CSA is required to report that information to Campus Police.

The statistics provided below also include Clery Act crime report data received from other law enforcement agencies with jurisdiction in geographical areas outside of the main campus where JCCC owns, leases, or controls property where significant student activity occurs. In order to comply with this portion of the statistical reporting requirement, the Campus Police completes an annual process of property identification, determination of law enforcement jurisdiction, request for Clery Act crime statistics from appropriate law enforcement agencies, and follow-up contact to ensure a reasonable, good-faith effort is completed in the collection of required statistics. This same process is also conducted with the local law enforcement agency that has jurisdictional control over public areas adjoining the JCCC main campus.

## Definitions for Use in Classifying Hate Crime Reports

A hate crime is considered a criminal offense committed against a person or property which is motivated, in whole or in part, by the offender's bias. Bias is a preformed negative opinion or attitude toward a group of persons based on their race, religion, disability, sexual orientation, ethnicity, gender or gender identity/national origin. Although there are many possible categories of bias, under the Clery Act, only the following eight categories are reported:

**Race.** A preformed negative opinion or attitude toward a group of persons who possess common physical characteristics (e.g., color of skin, eyes, and/or hair, facial features, etc.) genetically transmitted by descent and heredity, which distinguish them as a distinct division of humankind (e.g., Asians, blacks, whites).

**Gender.** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender, e.g., male or female.

**Religion.** A preformed negative opinion or attitude toward a group of persons who share the same religious beliefs regarding the origin and purpose of the universe and the existence or nonexistence of a supreme being (e.g., Catholics, Jews, Protestants, Muslims, Buddhists, atheists).

**Sexual orientation.** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived sexual orientation. Sexual orientation is the term for a person's physical, romantic, and/or emotional attraction to members of the same and/or opposite sex (e.g., lesbian, gay, bisexual, and heterosexual).

**Ethnicity.** A preformed negative opinion or attitude toward a group of persons whose members identify with each other, through a common heritage, often consisting of a common language, common culture (often including a shared religion) and/or ideology that stresses common ancestry. The concept of ethnicity differs from the closely related term "race" in that "race" refers to grouping based mostly upon biological criteria, while "ethnicity" also encompasses additional cultural factors.

**National Origin.** A preformed negative opinion or attitude toward a group of persons of the same national origin who share common or similar traits, languages, customs and/or traditions.

**Gender Identity.** A preformed negative opinion or attitude toward a person or group of persons based on their actual or perceived gender identity, e.g., bias against transgender or gender non-conforming individuals.

**Disability.** A preformed negative opinion or attitude toward a group of persons based on their physical or mental impairments, whether such disability is temporary or permanent, congenital or acquired by heredity, accident, injury, advanced age or illness.
