Engineering is a profession in which knowledge of mathematics and natural science is applied to develop ways to utilize the materials and forces of nature for the benefit of mankind.

General Information Including Grade Requirements:

Students should be aware that only half of the total B.S. degree credits may be earned at a two-year school, at least 30 credit hours must be KSU credit hours, and 20 of the last 30 must be KSU credit hours. Only courses with a grade of A, B or C will be applicable toward engineering degree requirements.

Admissions

To apply for admission to Kansas State University, complete an application online at www.k-state.edu/admissions and have official transcripts from all previous colleges sent directly to the Office of Admissions, Kansas State University, 119 Anderson Hall, Manhattan, KS, 66505-0102, or faxed to 785-532-6393 or emailed via electronic transcript service to k-state@k-state.edu. For students transferring to K-State with fewer than 24 credit hours, please also send final high school transcript and ACT or SAT scores.

College of Engineering admission is selective based on academic performance and space availability. Submit application, application fee, and all official transcripts postmarked by the priority deadline. For students transferring to K-State with fewer than 24 credit hours, please also send final high school transcript and ACT or SAT scores.

Transfer applications are accepted for the fall and spring terms only. For Spring semester admission, all documents must be postmarked by November 1 to receive priority consideration. For Fall semester admission, all documents must be postmarked by February 1 to receive priority consideration. Applications received after these dates will be placed on a waitlist for consideration. Transfer applicants are required to have completed the equivalent of K-State's MATH 205 General Calculus and Linear Algebra with a C or better before being considered for acceptance into the Construction Science and Management Degree. An overall GPA of 2.75 is required for acceptance into the major.

IT is the STUDENT'S RESPONSIBILITY TO CHECK FOR UPDATES TO ALL TRANSFER INFORMATION. This transfer guide is provided as a service and is updated annually. Degree requirements at the four- year colleges are subject to change by those institutions.
