

The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The 30 hours of electives within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

The Early Childhood Education program is accredited by the National Council for Accreditation of Teacher Education and approved by the Kansas State Board of Education. Students completing this program and meeting state requirements are eligible for Kansas Teaching Licensure in Early Childhood Unified (Birth through Kindergarten). Beginning in January 2022, K-State is offering a second track, Non-Licensure Track. This track works well for transfer students who want to develop the professional skills to work in community agencies or centers rather than school districts. The BS degree requirements may be completed by distance education through the K-State Global Campus.

- Up to half of the credits required for a four-year degree may be completed at accredited two-year colleges. The B.S. in Family Studies and Human Services Early Childhood Education major requires 120 semester credit hours; 60 semester credit hours can be applied from accredited two-year colleges.
- Each student must complete at least 30 K-State resident credits to be considered for a degree from K-State.
- A minimum of 45 hours must be at a course level of 300 or above.
- Students must complete 20 of the last 30 hours of resident credit at K-State.
- Letter grades are required. Courses with "pass" or "credit" in lieu of letter grade can apply only as unrestricted electives.
- Grades of "C" or higher are required in all "Professional Studies" courses for both tracks. For the Licensure track, grade of "C" or higher are required in "Communication" and "Quantitative Studies".
- Admission to Teacher Education is required to complete the BS degree for the Licensure track only.
- All K-State students, including transfer students, are required to successfully complete credit-bearing courses/experiences to complete the K-State 8 General Education Program requirements. For information, see k-state.edu/kstate8/. Transfer courses evaluated as equivalent to K-State 8 courses can be applied to meet K-State 8 requirements.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

K-State Requirements	Hrs	JCCC Equivalent (Select no more than 60 hours from this list)	Hrs
Communications (8-9 hours) Grade of "C" or higher required for licensure track.
