The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours; please see [JCCC A.A. degree requirements](#). A total of 75 credit hours may be transferred to KU from community colleges. Students should be aware that 45 junior/senior hours are required for completion of the four-year degree; 30 of those hours must be taken at KU.

**Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.**

- The Bachelor of General Studies degree has two distinct options and requires, in addition to completion of the KU Core, either:
  - **Option A:** Completion of the requirements of a single BGS major AND a secondary field of academic study (a second degree offered by CLAS or other school, a second CLAS major or co-major, a minor offered by CLAS or another school, or two certificates offered by CLAS or another school);
  - Completion of an approved career preparation course (minimum 3 credit hours total). A list of currently approved courses can be found at <https://collegeadvising.ku.edu/bgs-career-preparation-courses>**OR**
- **Option B:** Completion of the BGS in Liberal Arts and Sciences, which is also offered as an online degree completion program. This degree program requires:
  - Liberal Arts and Sciences Breadth Requirement. Satisfied by the completion of a course (with a minimum of 2 credit hours) in 15 unique departments/programs with the College or School of the Arts (as determined by course prefix). Courses fulfilling this requirement may also contribute to the KU Core and other requirements.
  - World Language and Culture Requirement. Satisfied by:
    - 2 courses (each with 3 credit hours or more) in a single world language, or proof of two-semester proficiency in a language other than English, OR
    - Completion of 3 courses (each with 3 credit hours or more) designated as KU Core Goal 4.2 (AE 4.2) world culture (W), or non-Western culture (NW); or language areas, beyond the KU Core. This may include a variety of areas, languages, and cultures.
  - Additional Natural Sciences and Mathematics. Satisfied by the completion of two additional courses from the natural sciences (requirement code N) and/or mathematics (MATH prefix courses) beyond the KU Core.
  - **NOTE:** Option B, the BGS in Liberal Arts and Sciences is not an option in which students may pursue a major or minor.
- Admission Requirements for Online Degree Completion Program: 40 or more transfer credit hours, 2.00 GPA in all coursework completed for Kansas residents, 2.5 for non-residents. The typical student for this program will have completed an Associate degree or a minimum of 63 transfer hours in order to matriculate through the program and graduate as efficiently as possible. However, students with less than 63 transfer hours are encouraged to consult with a Jayhawk Academic Advisor working with BGS in Liberal Arts and Sciences students to plan a path toward admission. The cost per credit hour for this program is a flat \$425/hour with all courses being taken online.

- The College of Liberal Arts and Sciences: KU's largest academic unit with 53 departments and programs. The minimum number of hours for a BGS is 120.
- A minimum 45 hours of upper-level (300+) courses must be taken, 30 of which must be taken in residence at KU (includes KU Online).
- A minimum 2.0 cumulative KU GPA.
- Credit/No Credit Policy: Allowed for courses not in the major or minor. Not allowed for courses listed in the KU catalog under "requirements for the Major: for each specific major. Students should be aware that some scholarship committees and honorary societies do not accept this grading system and convert grades of "No Credit" to "F" when computing grade point averages. Note: A grade of "D" is a passing grade, but if a student elects to use Credit/No Credit and earns a grade of "D", then they will receive No Credit.
- Transfer Grades of "D": Not accepted toward any degree in the College of Liberal Arts and Sciences: BA, BS, BGS, and BFA.
- Students still need to satisfy all of KU's upper division requirements to graduate. For more information, visit <https://catalog.ku.edu/liberal-arts-sciences/liberal-arts-sciences/bgs/>.
- Effective Fall 2024: Students transferring to KU, with an AA, AFA or AS degree from JCCC will be considered to have satisfied KU's Core 34 general education curriculum.
- Effective Fall 2024: Students who transfer to KU, without completing AA, AFA or AS degree will have courses evaluated on a course-by-course basis toward meeting KU requirements. To learn more about courses that satisfy KU Core 34 requirements visit: <https://catalog.ku.edu/core34/> and <https://credittransfer.ku.edu/>
- KU's Core 34 General Education guide can be found here: <https://www.jccc.edu/student-resources/transfer/files/transfer-guides/ku-core-requirements.pdf>

## KU Core 34

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

## Degree Requirements Available at JCCC for each major and some minors:

\* JCCC course has a prerequisite or corequisite.
