The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students pursuing the A.A. may select courses that satisfy both the A.A. degree requirements and lower division requirements for a bachelor's degree at four-year institutions. The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors. The A.A. degree requires completion of 60 credit hours. Completion of the JCCC A.A. (or A.S. Associate of Science) degree satisfies KU Core Goals 1, 2 and 3. JCCC degree requirements can be found at: <http://catalog.iccc.edu/degreerequirements/>. **Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.**

It is possible that additional community college credit hours can be applied toward a bachelor's degree at KU Edwards. Contact your KU Edwards academic success coach for more information on the limits of credit hours to be transferred as it varies by program. Meeting with a JCCC counselor is strongly recommended for selection of appropriate courses.

KU Edwards offers two degree options for Project Management. Both degrees are online and may be started in any term including summer.

- The Bachelor of Science (BS) in Project Management
- The Bachelor of Applied Science (BAS) in Project Management

As you complete your project management bachelor's degree online with KU, you will be able to partner the project management foundation courses with additional emphasis area courses to tailor your education to your desired career path. Some majors at JCCC pair well with the required emphasis, such as business, healthcare, sciences, computer-related areas including design, architecture, web-design, and marketing. For guidance and approval of emphasis area courses, please speak with the Academic Success Coach at KU Edwards Campus.

The following admission requirement applies to both degree options:

- Minimum cumulative transferable GPA of 2.50. A transferable GPA includes all courses that KU will accept for transfer. Though only transfer grades of "C" or higher will count toward KU degree requirements, all grades count in the transferable GPA.
- Transfer students are encouraged to apply to the University of Kansas at [KU Admissions](#) and should be sure to select the Edwards Campus.

Minimum total hours for graduation is 120, of which 45 must be upper division. Community college courses do not transfer as junior/senior hours. Thirty of the 120 hours must be at KU.

Updated 06/07/2022

Bachelor of Science in Project Management

KU Core Requirements

The KU Core is KU's general education program. It is a set of six educational goals that all students must satisfy. As noted below, the General Education Requirements specified by the Project Management BS degree in the School of Professional Studies satisfy KU Core Goals 1.2, 2.1, 2.2, 3S, and 3N, and Goal 6 is satisfied by an upper-level major course. Students may also complete the KU Core Goals 1.1, 3H, 4.1, 4.2, and 5.1 at JCCC as listed in the table below.

Completion of the JCCC A.A. (or A.S.) degree satisfies KU Core Goals 1, 2 and 3. Students should work with their JCCC counselor to ensure they are meeting [JCCC degree requirements](#). Students not completing the A.A. (or A.S.) degree may refer to <https://credittransfer.ku.edu/> to see how JCCC courses will transfer to meet KU Core Goals.

Recommended JCCC courses for KU Edwards Bachelor of Science, Project Management

KU Courses	JCCC Courses	Req. Fulfilled
ACCT 200 Fundamentals of Financial Accounting	ACCT 121 Accounting I AND ACCT 122 Accounting II*	Major requirement

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.
