The bachelor's degree in **foreign language** teacher education at the University of Kansas School of Education offers majors in seven foreign languages: Chinese, French, German, Japanese, Latin, Russian or Spanish. Students in this program are encouraged to immerse themselves in the language by adding a Study Abroad experience. Note: Admission to the Chinese and Japanese languages is suspended pending licensure changes.

KU Core Requirements The KU Core comprises three general education goals and three advanced education goals. The general education goals are best met early in a student's career. The advanced education goals are most appropriately acquired using the foundation of knowledge gained from the general education goals and progression through the major. Courses can be used to satisfy one Core goal at a time but may satisfy a major requirement and a core goal. To learn more about courses that satisfy the KU Core visit: <https://credittransfer.ku.edu/>

All KU Core Goal requirements will be fulfilled by program requirements.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.
