The Associate of Arts degree (A.A.) at JCCC is a general transfer degree and partners well with the first two years of most bachelor degree programs. Students who transfer to UCM with an Associate of Arts degree are considered to have met all 42 hours of UCM's General Education requirements, with the exception of Major/Minor-Required General Education courses and the Constitution Requirement. (See the [UCM General Education Program guide](#) for details.) The elective hours within the A.A. allow students to complete additional general education and lower division courses required for specific majors/minors.

Students who transfer to UCM without a degree (or a degree other than an AA) will have all coursework evaluated on a course-by-course basis. JCCC students not completing the AA degree should refer to the tables in the [UCM General Education Program guide](#) for course equivalents and also the UCM catalog for any specific or additional General Education requirements for their UCM program of study.

NOTE: Courses taken to fulfill General Education requirements may not be taken on the pass/fail basis.

Students should be cognizant of UCM's Upper-Level Course Requirement and Residence Requirement, especially if enrolling in more than 60 hours at JCCC. Please refer to the [UCM General Education Program guide](#) for details.

NOTE: The UCM General Education guide can be found at: <https://www.jccc.edu/student-resources/transfer/files/transfer-guides/ucmo-general-ed.pdf>

The Health Studies, BS degree requires a minimum of 120 credit hours.

It is the STUDENT'S RESPONSIBILITY to check for updates to all transfer information. This transfer guide is provided as a service and is updated as needed. Degree requirements at the four-year colleges are subject to change by those institutions. To ensure you have the most accurate up to date information about the program, it is imperative you meet with an advisor at the transfer institution.

GENERAL EDUCATION REQUIREMENTS FOR THIS DEGREE

UCM Course	Hrs	JCCC Equivalents	Hrs
CHEM 1104 Introduction to the Sciences: Chemistry GE OR	4	CHEM 122 Principles of Chemistry*	5
CHEM 1131 General Chemistry I GE	5	CHEM 124/125 General Chemistry I*/Lab*	4/1
