

## Program Review Data

The Office of Institutional Planning and Research (OIPR) is providing data for those programs and resource centers participating in the program review process in fall 2014.

- The data are generally reported by the academic year. An academic year (i.e. 2013-2014) includes summer 2013, fall 2013 and spring 2014.
  - When available, data are shown for the three most recent academic years (2011-2012, 2012-2013, and 2013-2014).
- All data are presented at the cost center level.
  - ART 124, 127, and 129 are included under the Graphic Design Program.
  - FL 180, 181, 270, 271 are included under American Sign Language
  - BIOL 110, 144, 225, 227, 235, 240 are reported under Human Science
  - HORT 245, 272, 274, 276 are reported under Sustainable Agriculture
  - HC 125 is reported under Nursing
  - HC 130 is reported under Practical Nursing
  - HC 101 is reported under Respiratory Care
- College Now and contract honors are excluded from the analysis.
- Data reflect the end of the semester after grades are posted.

Following is a description of the data tables being provided.

### Program Resources: Student Credit Hours and Enrollment by Faculty Type

- Number of faculty by full-time and part-time by term. Number of faculty is an unduplicated number within each term.
  - Student credit hours taught by full-time and part-time faculty by term.
  - Enrollment in courses taught by full-time and part-time faculty by term. Enrollment is a duplicated number. A student may be enrolled in more than one class within a semester and/or within an academic year.
  - Student credit hours (SCH) and enrollment are divided by the number of faculty teaching a class. For example, if ENGL 121 003 is taught by 2 faculty, the student credit hours and enrollment are divided by 2 for that class. The total column reflects the total student credit hours and enrollment for the course/program.

### Program Resources: Faculty Name by Type for Most Recent Academic Year

- A list of faculty names for the 2013-2014 academic year by full-time and part-time position. If a faculty member was full-time in one term and part-time in another term, the faculty name will appear under both the full-time and part-time heading.

### Average Class Size, Course Completion, Success, and Attrition

- Enrollment and number of sections taught by term for an academic year. Enrollment is a duplicated number. A student may be enrolled in more than one class within a term and/or within an academic year.
  - Average class size: enrollment divided by the number of sections within the term.
  - Completion: defined as the number of students receiving a grade of A, B, C, D, F, or P in the course.
  - % completion: defined as the number of students completing divided by enrollment.
  - Success: defined as the number of students receiving a grade of A, B, C, or P in the course.
  - % completer success: defined as the number of success students divided by the number of students completing the course.
  - Attrition: defined as the number of students receiving a grade of W in the course.
  - % attrition: defined as the number of students with a grade of W divided by the enrollment in the course.

### Enrollment, Completion, Success, and Attrition by Course Number by Distance Learning and On Campus

- Distance learning is defined as courses with an instructional method of 'on line' or 'hybrid'. All other courses are reported under 'on campus'
- If the program area offered no distance learning courses during any of the three academic years, only the on campus data are presented.
- Enrollment is a duplicated number. A student may be enrolled in more than one class within the term and/or academic year.
- % Completion: defined as the number of students receiving a grade of A, B, C, D, P, or F divided by enrollment for the course.
- % Success: defined as the number of students receiving a grade of A, B, C, or P divided by the number of students completing the course.
- % Attrition: defined as the number of students receiving a grade of W divided by enrollment for the course.

### Awards, Transfers and Placements

- *The number of degrees and certificates awarded by major during an academic year.* A student receiving multiple certificates and/or degrees within an academic year will be reported once for each degree and/or certificate received.
- *Number of students transferring by July 2014.* National Student Clearing House data were used in identifying whether a graduate had transferred. If a student received an AAS and a certificate within the program in the same year, they will be reported multiple times. A student is reported under each award received.
- *Placements.* The placement rate is based on percent of students responding to the OIPR career student follow-up survey indicating they are working in a related field. If a student received an AAS and a certificate and was employed in a related field, the student would be reported under each award received.

## Cost Per Credit Hour

- *Expenditures*
  - JCCC expenditure data include all instruction (salaries and benefits), travel, supplies, consultants, capital expenditures, ITPS, etc. at both the prefix cost center and the associated department and division cost centers.
  - Cost data for the department and division are prorated based on student credit hours for the prefixes within the department/division.
  - Revenue generating orgs (i.e. dental hygiene products for resale) are reported separately.
  - Individual course fees are not included in the analysis.
  
- *Revenue*
  - Tuition: for each course, the in-district, in-state, and out-of-state student credit hours are calculated and the appropriate tuition rates are applied (in-district \$69, in-state \$84, out-of-state \$182).
  - State reimbursement: the calculated KBOR tiered dollars were used to calculate the state reimbursement should JCCC receive the full amount. A calculation was also done indicating the dollars JCCC would receive using the percentage actually received in the previous year.
  
- *Cost per Credit Hour*: defined as the total expenditures for the program divided by the total student credit hours for the academic year.

## Resource Centers

Resource centers participating in the program review process are provided with the following data from OIPR

- Student success in selected courses and attendance at resource center.
  - Only courses with five or more students attending the resource center in an academic year are included
  - Student success in courses (CRNs) identified by students attending the resource center compared to students not attending the resource center in the same course (CRN).
  - Courses identified by students attending the resource center obtained from software application used at the resource center.
  
- Expenditures for the resource center for last two academic years.
